

## RUSSIANS HAVE SAILED TO MEET THE JAPANESE SHIPS

### STEALS OVER A MILLION.

President of the First National Bank of Milwaukee is a Big Defaulter.

MILWAUKEE, Wis., April 24.—Signed, agreed to pay to the First National Bank of Milwaukee, the sum opposite our respective names as the same may be needed, for the payment on demand of all depositors now in said bank, or which within thirty days from this date may be placed therein. Our claims hereunder for reimbursement shall be subordinate and postponed to the claims of all depositors and other creditors.

The directors of the bank have deposited in the bank a sum sufficient to make the institution perfectly solid.

Mr. Bigelow has not been arrested.

#### SIGNS OVER PROPERTY.

The capital of the First National Bank is \$1,500,000 and the surplus is \$1,200,000. Mr. Bigelow has signed over property to the bank amounting to \$300,000, making his net defalcation about \$1,200,000. Aside from the surplus which will meet the amount of the defalcation, the sum of \$1,650,000 has been subscribed by the directors to meet any demands which may be made on the bank. The aggregate wealth of the directors who subscribed funds to meet any requirements of the bank approximate over \$20,000,000.

#### TO EXAMINE BANK.

The comptroller of the currency has been notified and has been asked to make an immediate examination of the bank. Mr. Bigelow's defalcation became known to the directors of the bank on Saturday night. He admitted today that the amount had been lost in speculation and that he had falsified the books to cover up the defalcation.

Henry F. Goll, assistant cashier of the bank, has been removed, charged with having been a party to the falsification of the figures in the bank's books.

#### PROTECT DEPOSITORS.

The announcement of the defalcation was made by George P. Miller, one of the directors of the bank.

A notice has been issued by the directors announcing that a sum has been subscribed sufficient to protect the depositors. Charles F. Pfister, headed the list of directors who subscribed large amounts to meet the deficit. Mr. Pfister's subscription is \$600,000.

#### THE STATEMENT.

The statement issued by the directors is as follows:

"For value received, we, the under-

### ARMOUR & CO. BUYING HEAVILY WHEAT.

SAN FRANCISCO, April 24.—Wheat weak; May 140%; December 127%; cash 152%.

CHICAGO, April 24.—A double back somersault was performed in May wheat today.

Instead into a reminiscence, the option promptly started this morning with a repetition of last week's sensational acrobatics. Some of the first trades showed a fall of four cents a bushel, the price opening at 96 to 98 cents as against one dollar at the close on Saturday.

After the initial plunge the price for May showed a tendency to rally, reacting temporarily to 95%.

If the selling was from representatives of J. W. Gates it was well disguised, the market presenting the appearance of a general bearish attack rather than an attempt at further liquidation of holdings acquired during an attempted corner.

P. A. Valentine, of Armour & Co., was generally credited with buying considerable May wheat while the quotations were between 96 and 98 cents.

To this was attributed the recovery to 97%. Fresh selling, however, from outside sources soon pointed the market down worse than before.

It was not long before the current figures for May were 93 1/2 cents, net loss of 6 1/2 cents a bushel, compared with Saturday's closing. At 93 1/2 the market had a fall of nearly 30 cents from the point at which the Gates were supposed to be in full control of the market some days ago.

Before mid-day another cent was

HIS LAST THROW.

### CHILD IS BURNED TO DEATH

### TRAINMEN KILLED IN A WRECK

### FAINTS BEFORE THE JURY

Mother Went to Milk the Cows and House Burned.

Engineer and Fireman Meet Death in an Accident.

Nan Patterson Collapses After She Hears the Prosecutor's Address.

Clyde H. Phen, a six-month-old baby, was burned to death at the home of his parents, two miles east of Pleasanton, this morning at 7:30 o'clock. The mother had gone to milk the cows and left her infant inside the house. In some manner flames started from the stove and soon the entire house was enveloped in a sheet of fire. When the terrified mother discovered the flames she made a desperate attempt to rescue her offspring, but was unable to do so. The fire barred her passage and she had to be dragged hysterically away from the scene.

According to advice received at the Santa Fe headquarters in this city the train was moving slowly, crossing the mountain in the vicinity of the accident. The track was soft and the rails had spread. Before the crew realized what had happened, the engine was on its side, with the engineer and his fireman jammed up against the sides of a hill. When extricated both were dead. The remains were taken to Needles, from which place a relief train was sent. The accident lasted several hours.

Today it was stated that with the exception of being shaken up none of the passengers had suffered any injury.

The news of the wreck did not reach there until today on account of telegraphic communications having been broken by the storm.

ACTOR'S BURIAL  
TO BE DELAYED

BUZZARDS BAY, April 24.—It was learned today at "Crows Nest," the home of Joseph Jefferson that the body of the aged actor would not be brought directly here from Palm Beach. Arrangements have been made to place the casket in a receiving vault at Boston until such a time as members of the family, who are scattered over the country and abroad, can come together. The body then will be brought here and will be buried in the Bay View Cemetery.

(Continued on Page 2.)

### SENATOR ALGER OUT OF DANGER

DETROIT, Mich., April 24.—United States Senator R. A. Alger, who was seized with an attack of acute indigestion last night on a Michigan Central train nearing Detroit, and who was taken home from the station in an ambulance, is much better today. All danger is said to be passed.

BEARS ACTIVE.

The bear operators were very active on the short side and they oversold

### READY FOR A BIG BATTLE.

Russians Sail North and Cannonading is Heard Off Kamranh Bay.

KAMRANH BAY, Indo-China (via Saigon), April 24, 11:30 a. m.—The Russian squadron, consisting of fifty-two ships, including transports, left Kamranh bay at noon, April 21, and the main portion soon disappeared in a northerly direction. Sixteen vessels—the Russian cruiser Svetlana, the Russian battleship Orel, four German transports, several Dutch transports, and other Russian transports—remained in the offing.

Fishermen and others assert that they heard cannonading off Kamranh bay during the evening of April 22.

Those who saw Admiral Rojstvensky prior to his departure say he is suffering from dysentery, accompanied by severe pains. All the officers and crews of the Russian ships appear to be full of confidence.

It is believed that it is Admiral Rojstvensky's intention to do everything possible to have Admiral Nakhagoff join him before undertaking a decisive battle. A torpedo-boat destroyer is patrolling the coast.

The French third class cruiser DesCartes left here at 2 o'clock Saturday afternoon for a point on the coast where a fisherman reports that he saw twenty warships. The man, however, was unable to give their nationality.

The French third class cruiser DesCartes left here at 2 o'clock Saturday afternoon for a point on the coast where a fisherman reports that he saw twenty warships. The man, however, was unable to give their nationality.

#### TALK OF PEACE

ST. PETERSBURG, April 24, 5:55 p. m.—Mysterious rumors that another attempt at peace negotiations is impending are circulating in high quarters, and the United States is directly mentioned as the intermediary. The Associated Press has not been able to obtain any confirmation of the reports. No intimation of such a move has reached the American Embassy, but at the Foreign Office this afternoon an official inquired perhaps slightly when President Roosevelt would return to Washington.

As previously stated in these dispatches, a considerable party in the Government holds strongly to the opinion that now that Admiral Rojstvensky is ready to strike, before the issue is put to the test would be the most opportune time for opening negotiations.

#### BLIND REPORTS

ST. PETERSBURG, April 24, 11 a. m.—The Admiralty is disposed to accept with reservation all foreign telegrams announcing the whereabouts of Vice-Admiral Kamimura and the Japanese ships. Those who saw Admiral Rojstvensky prior to his departure say he is suffering from dysentery, accompanied by severe pains. All the officers and crews of the Russian ships appear to be full of confidence.

It is believed that it is Admiral Rojstvensky's intention to do everything possible to have Admiral Nakhagoff join him before undertaking a decisive battle. A torpedo-boat destroyer is patrolling the coast.

## LIVELY DISCUSSION AMONG PIONEER WOMAN

THE SUPERVISORS  
John Mitchell and H. D. Rowe Have  
a Little Passage of Words at  
Meeting This Morning.

There was a breezy discussion at the meeting of the Board of Supervisors this morning in which Supervisor Rowe protested against the payment of attaches of the County Infirmary who had been appointed by the Superintendent of that institution, but who had not received the appointment of the Board of Supervisors.

As a consequence, Supervisor Kelley introduced a resolution containing the names of the attaches in question and that was adopted by the Board, thus ratifying the appointment of the employees by Dr. Clark. The resolution covers employment from April 1st, Mr. Rowe voted against the resolution.

The discussion was projected by the allowance by the Board of the salary claims of the attaches in question—thirty-five in number.

### ROWE PROTESTS.

"I intend not only to vote 'no' on the payment of the claims but to protest against the payment of salaries of persons who were not appointed by this Board. This is in direct violation of the rules of this Board. I believe that an ordinance passed by this Board or a rule of this Board is a law and ought to be respected."

"I protest against the payment of these claims as a man, a member of the Board and a citizen of Alameda county."

"Do you refer to the employees of the County Infirmary? They are the only ones who are not appointed by the Board of Supervisors," said Supervisor Mitchell.

"I refer to every one drawing a salary who has not been appointed by the Board of Supervisors. I protest against the payment of the claims which have been put through today. You know, we adopted a resolution sometime ago, discharging all the attaches and yet claims are now being put through for those discharged."

### HOW ROWE VOTED.

"You voted against that resolution," said Supervisor Mitchell, referring to Supervisor Rowe.

"There are claims in these bills," continued Rowe, "of persons who have not been appointed by the Board and there are others who have not been appointed by the Board. In January last, a resolution was adopted to the effect that no Supervisor or no committee could incur any indebtedness exceeding that amount, and that such indebtedness could be incurred only in open meeting of the Board."

"Didn't you vote for the resolution discharging the employees?" asked Supervisor Talcott.

### DR. CLARK TO APPOINT.

"There was a resolution adopted discharging the attaches and it was adopted by Dr. Clark. Superintendent of the County Infirmary would appoint those who were absolutely needed at that place," said Mitchell.

### "Who understood it?" inquired Rowe.

"The Board," replied Mitchell.

"You might have understood it," declared Rowe, "but I am a member of the Board and I did not understand it."

### OUT OF POLITICS.

"It was so understood," persisted Mitchell, "and it was done in order to take the County Infirmary out of politics."

"Before I ever became a member of the board I ever became a member of the board," said Rowe. "At Kelley, Mr. Talcott and myself favored taking the positions in the County Infirmary out of politics and put the appointment of the employees of that place up to Superintendent Clark, to get good and efficient service. These are the only ones not appointed by the board. I favored it because it means better service and the people will be pleased with it. I am glad the board has done it."

### BEHIND CLARK.

"You did it," said Rowe, "so that you could get behind Dr. Clark and obtain the appointments which would be made in his place." He said Mr. Kelley, Mr. Talcott and myself favored taking the positions in the County Infirmary out of politics and put the appointment of the employees of that place up to Superintendent Clark, to get good and efficient service. These are the only ones not appointed by the board. I favored it because it means better service and the people will be pleased with it. I am glad the board has done it."

Adjourning.

MR. AND MRS. NATHAN ROSENBERG.

## THEY HAVE BEEN MARRIED FIFTY YEARS.

## HAYWARDS WOULD LIKE TO SECURE NEW COLLEGE.

Hundreds of Friends Call at the Home of Mr. & Mrs. Nathan Rosenberg.

Hundreds of friends of Mr. and Mrs. Nathan Rosenberg gathered at the Rosenberg home, 686 Twelfth street, yesterday afternoon to celebrate the fiftieth anniversary of their wedding.

The house was beautifully decorated for the occasion with flowers and during the afternoon refreshments were served. A reception was held from 3 to 6 o'clock.

Mr. and Mrs. Rosenberg are natives of Hungary, and they grew up together in their native town. Mrs. Rosenberg was Miss Rosie Scher. They were married fifty years ago, and within a year sailed for America, coming direct to California by way of Panama. The young husband was a cigar-maker and he worked at his trade for a time in San Francisco. Later he engaged in mining, but finally came to Oakland in 1861. The family has lived here ever since. Nathan Rosenberg was for years one of the best known tobacco merchants of the city, but he retired from that business several years ago and is now president of the Berkeley Rock Company.

There are five children. They are Mrs. Annie Seligman of Oakland, Harry Rosenberg of Sydney, Australia; Joe Rosenberg, of Oakland; Mrs. Jacob Strauss of Chicago, and Miss Jennie Rosenberg of Oakland.

It was the family's hope that all five of the children would be here yesterday, but Joe Rosenberg, who is making a tour of the world, was unavoidably delayed in London. All the others were present.

Harry Rosenberg, who recently ar-

ived from Australia to be present at the celebration of the golden wedding of his father, expressed much astonishment at the great development of Oakland during his absence.

"Both in a business way, and in population, Oakland has grown much beyond anything that I had ever thought to see on my return," said he. "I have been here only a few days, but already I have seen enough to see that. I intend to remain here about three months and attend to some business matters, for I still have interests here. In fact, I cannot look upon Australia as my home, although I have been there for a number of years, and have a business there."

"At present I am in the drug business, having an establishment at Sydney, New South Wales and another at Melbourne, Victoria. Melbourne is a progressive town, and much ahead of Sydney. In fact, the whole colony of Victoria is in advance of New South Wales, although the latter is three times its size. I attribute this in part to the fact that Victoria was settled originally by a number of Americans, who have lent their characteristic energy and progressive spirit to the development of the country. Much of the colony is under irrigation. There are many manufacturing establishments besides that supply the rest of Australia with their products."

### TO GIVE EXTRAVAGANZA.

The Oakland public is to have an opportunity to witness the big extravaganza, "America," E. T. Ziegler, manager of the spectacle, announced, and completed arrangements for the production of this big extravaganza at the Dewey Theater during the week of May 29, under the auspices of several local societies.

## DRAW THE LINE AT THE RAVINGS OF ANARCHY.

### What the S. F. Monitor Says About Jack London and the Public Schools.

(From S. F. Monitor.)

It is interesting to observe that the public school authorities in Oakland draw the line at anarchy. That is, the lurid brand of revolutionary rhetoric affected by Mr. Jack London. They are more exacting in this respect than the University at Berkeley. The latter institution invited the Socialistic author to address its students on the subject of his economic theories. At the time Mr. London expounded his principles for the instruction of the Berkeley co-eds, he was in the midst of a political campaign, as head of the Socialist Mayoralty ticket in Oakland. The frenzied doctrines promulgated on that occasion do not seem to have made a very deep impression on the audience. They were regarded, apparently, by the majority as mainly humeristic. Very few of the students, we are informed, dreamed of taking the speaker seriously. What little of the harangue was intelligible to them was enjoyed as something novel psychologic exhibition.

No doubt the person or persons responsible for Mr. London's invitation addressed the debating club of the Oakland High School; had the recent Berkeley entertainment in mind. Principal Pond and Superintendent McClymonds do not view the matter in the same light, however. They temporarily refuse to permit the unconventional author to keep his engagement with the society. Furthermore, it is alleged, an order has been issued which bars London from preceding his cult to the students of the school under the jurisdiction of the Oakland Board. These official declare that they do not expect to have anarchistic doctrines expounded in the hearing of those for whose education they are responsible. Mr. London's sincerity in the propagation of red radicalism to which he is just now devoting himself, is questioned by some of that gentleman's admirers. They suspect it is merely part of a scheme for acquiring "atmosphere" and "color" for a literary production, he has in contemplation. Be that as it may, the position of the school authorities is eminently correct. The public schools everywhere are already too ac-

cessible to faddists and doctrinaire whose theories range from gay to grave and from the absurd to the dangerous. It certainly seems opportune and expedient to draw the line at the ravings of anarchy.

### LAST SERVICE.

NEW YORK, April 24.—All Souls' Church, Madison avenue and Sixty-sixth street, made famous by Rev. R. Heber Newton, has passed into history as a place of worship. A great throng was present at the closing services, and many old members of the congregation were moved to tears during the services.

Today the Church of the Archangel, St. Nicholas avenue and Eleventh street, will be informally rechristened All Souls' Church. The pews and fine organ used in the latter will be transferred to the new house.

The church and parish of All Souls' were made in 1859. During the last years of his ministry, which terminated at his parochial, Dr. Newton was in poor health, and the congregation fell away. Of late the congregation increased materially but the vestrymen and the church warden concluded that it would be better to sell the property which brought \$330,000.

The house to which the congregation has moved, is said to have had its actual foundation, a fund started by a street-car conductor who contributed \$2.

### "PEEPING TOM" IS CAUGHT IN ACT

J. White, believed to be the "Peeping Tom" who has been troubling certain sections of Berkeley, was arrested at Shellmound yesterday for troubling the women while robbing them in the dressing room. After being seen by several women and complained of, Manager Siebe sent two men to watch the place and a short time later White was seen again, this time breaking a crack into the room. He says that he is a married man and that he lives at Fullerton street and Channing way in Berkeley. He was arrested and taken to the County Jail.

## CLOSING LECTURE GIVEN

Father Yorke Concludes His Series of Lenten Talks.

The last of the series of Lenten Lectures was delivered by the Rev. Father Yorke yesterday morning at St. Anthony's Church, East Oakland.

In part, Father Yorke said:

"In order to justify their break with the past and their rebellion against the long-acknowledged authority of the church, the reformers appealed from the Pope."

"But as the Bible is an obscure book and susceptible of many interpretations, they set up private judgment as the supreme arbiter—every man was to be his own pope."

"The Princes, however, who favored the reformation had not the slightest intention of permitting this theory to work out in practice. The Pope, however, did not always ready to accept the monarch's creed. The appeal to reason became more insistent and soon the deductive criticism that had been urged against the Pope was turned against the Bible until nothing of its authority was left."

"These principles began to filter into France, they were taken up by the thinkers of that kingdom, wittic, logical people and pushed to their legitimate conclusion. In the hands of Voltaire, Rousseau and the philosophers, so-called, the Pope was overthrown and all religion and all government."

"The growing power of the indoles in France was helped by the disputes about Jesuits and the suppression of the Jesuits in 1773, in the end of the eighteenth century the storm broke and in France, church and state went down in one red ruin. When Plus VII died in 1799 the revolution raised the cry, 'The Papacy must be abolished.'

"But neither stone nor seal can hinder the resurrection. The concil at Venice elected Plus VII and now a century later, the papal reigns over a wider territory and enjoys the same obedience than any Pope since St. Peter."

"The great characteristic of the nineteenth century has been what Newman called 'the progress of the nations, the nations, the nations, from whose midst the church was cast out at the Reformation a new growth of Catholicism has been."

"The penal laws have disappeared and the church, freed from the chains of the past, walks among men in all her beauty."

"The French priests exiled by the revolution returned to England and worked against the church. The great socialist movement originating in Oxford brought thousands of the foremost men of the Anglican establishment back to the people. The French priests, speaking countries the great means for propaganda has been the Irish people. They have firmly planted the church in the United States, Canada, Australia, in South Africa, Scotland and England, at the Vatican council no saint had so many interested sons as St. Patrick."

"The long panorama of church history unrolls before us and we see the varied lights and shadows, the seasons of stress and the seasons of sunshine, the stress and the peace following quickly on each other. We see the church, which is always working out its plans in the world; through poor human instruments, on the one hand with a magnificent success, in well doing and established results, that are the surest proofs of the divine inspiration and divine guidance of the church."

## PROGRAM AT IDORA PARK

Professor Hamilton, who makes weekly balloon ascensions at Idora Park, caused five minutes of breathless suspense at that place of amusement yesterday.

Immediately on leaving the park in his balloon he entered a cloud bank and was lost to sight. Every eye was fixed on the spot where he entered, expecting him to reappear clinging to his parachute. The clouds blew away to the west, however, and the daring aeronaut was seen slowly descending.

Later, in addition to his daring slide for life, which will be retained on the bill this week by request, gave an exhibition on the slack wire that won the applause of the large crowd present.

Norman H. Stanley's singing of "Albion" in the fire theater was well received. New and interesting pictures were shown on the biograph.

The promenade concert by Callaghan's band gave pleasure to the visitors who have been there every day and evening during the week.

Beginning May 2 a dance will be given every Tuesday evening in the dancing pavilion.

### CURE COUGHS AND COLDS.

Mrs. C. Peterson, 625 Lake St., Topeka, Kansas, says: "Of all cough remedies Ballard's Horsehold Syrup is my favorite; it has done and will do all that is claimed for it—to speedily allay all coughs and colds—and it is so sweet and pleasant to the taste. Wishart's Drug Store, Tenth and Washington streets.

# BEANS VERSUS BULLETS

## Robber Driven Away By Fierce Valley of Boston's Best.

The customary "hands up" of a robber was met in a novel manner on Saturday night, when one of the craft entered the grocery store of Manuel Henas, 961 East Fourteenth street, and delivered himself of the usual salutation.

Henas was standing behind his counter, chatting with his son Gaspar and John Morris, one of his friends, relating tales of experiences which they had participated in, when suddenly a man entered the place, a six-shooter in his hand and a knife at his belt.

When he commanded the men to raise their hands, Henas and his friends decided that the counter offered a good defense, and sprang behind it.

The robber, however, and the men began to fire whatever lay nearest their hands at the bold, bad burglar.

Canned goods rolled upon Henas, sausages from the counter, and turtles rappeted him, and he gave more soap in five minutes' warfare than ever before in his life.

A number of the missiles flying wide of their intended mark, and crashing through the glass of the windows, and crashing on the sidewalk outside.

The bats that made Boston famous, held together by a can, finally drove him from the spot, having hit him on the head.

When the intended victims dared issue from their barricade, they found the store strewn with all kinds of eatables, the place looking as though a Kansas cyclone had struck it.

They were filled with amazement, and so great was their bewilderment that it was some time before they realized that the counter office was notified of the attempted robbery. It is said that one of the men went around the same block four times in his search for a policeman.

The robber, however, had a short of stature, heavy set and wearing a dark suit, and white shirt. It is thought that he is the same person who entered the store of H. F. S. of Piedmont, where his name was also unknown.

His bullets lodged in the wall above the counter, and none of the men were injured nor was any money taken.

## UNIVERSITY SHOW AT MACDONOUGH

Pino's best comedy, "Sweet Lovers," will be produced tonight at the Macdonough Theater under the patronage of the Mask and Dagger and in the Meantime Clubs.

The play will be presented by a cast of birthday-brahminic eminencies composed of the best dramatic talent at the University.

The comedy lead will be played by Emil Krusche, who has a reputation as an actor, playwright and stage director.

The other leading parts will be taken by Gus Keane, Walter De Leon, Grover O'Connor, Marvyn Samuels, A. Chiaradell and Robert Van Sant.

The female roles will be filled by Estelle Wilson, Sophie Trearwell, Louise Dafford and Florence Parker.

The proceeds will be given over to the fund for a dramatic library. Good seats may still be had at the theater.

## WANTED CARFARE, SO HE STOLE

Joe Madero was short of car fare last night and consequently loitered about the saloon of Perry and Pedro at Lewis and Fifth streets until after 12 o'clock. Perry, one of the proprietors, felt hungry and took the lad to his place, where he was given a meal across the street and ordered an oyster loaf. When Mr. Perry returned he states he discovered Madero emptying the till of a few nickels and dimes. He was left to his own devices. Madero had \$1.75 in his possession when he arrived at the City Prison after being placed under arrest by Policeman Fahy, and the police will use this as evidence against him.

### SUSPECTED AS THIEF.

William Benson, who is thought to be a resident of San Francisco, was arrested this morning by Policeman McLean on the suspicion of being a tool thief. He had with him a bag of carpenter tools, and could make no good excuse for having them in his possession. The police have been looking for several weeks for the man who has been robbing various carpenters and mechanics of tools and hope to fasten a series of crimes on the suspect.

**FLORENCE PARKER DIES**  
Florence Parker, aged eleven years, died Saturday night at the home of her parents, 472 Franklin street, of typhus fever. The funeral was held today. The interment was in Mountain View Cemetery.

### HONEST CONFESSION

A Doctor's Talk on Food.  
There are no fairer set of men on earth than the doctors, and when they find they have been in error they are usually apt to make honest and manly confession of the fact.

A case in point is that of an eminent practitioner, one of the good old school, who lives in Texas. His plain, unvarnished talk needs no dressing up. "I had always had an iron prepu-  
lic, which I can now see was wrong, was all mucilous and unscrupulous, was all mucilously advertised foods. Hence I never read a line of the many 'ads' of Grape-Nuts, nor tested the food till last winter.

"While in Corpus Christi for my health, and visiting my youngest son, who has four of the rudest, healthiest little boys I ever saw, I ate my first dish of Grape-Nuts food for supper with my little grandsons. I became exceedingly fond of it, and have eaten a package of it every week since and it is delicious, refreshing and strengthening food, leaving no ill effects whatever, causing no eructations (with which I was formerly much troubled), no sense of fullness, nausea, nor distress of stomach in any way.

"There is no other food that agrees with me so well, or sits as lightly or pleasantly upon my stomach as this does. I am stronger and more active since I began the use of Grape-Nuts than I have been for 14 years, and I no longer troubl me with nausea and indigestion. Name given by Postum Co., Battle Creek, Mich.

There's a reason.  
Look in each pkg. for the famous little book, "The Road to Wellville."

## YOUTH SHOT BY AGED MAN IN DRUNKEN QUARREL.

### Nineteen-Year-Old Lad Between Life and Death, While Assailant, Aged Eighty, is Fugitive

WOODLANDS, Cal., April 24.—As the result of a shooting scrape in Capay Valley, twelve miles northwest of the town of Capay, on Saturday night, William Gamble, a lad 19 years old, lies in the County Hospital hovering between life and death, and his assailant, J. P. Howlett, a man 80 years of age, is a fugitive from justice in the hills.

The shooting was the denouement of a drunken debauch at the claim of Frank Welch, in whose cabin it occurred.

The spot is not far from the place where Cy. Wood killed Verne Rogers a few years ago.

The victim and Welch are the only eye witnesses.

Their statements differ regarding some details, but in the main agree. Young Gamble had been employed as a herder for F. H. Howlett, son of the man charged with the shooting. The latter was sent on Saturday by his son to replace Gamble, and they met at Welch's cabin, where Gamble was to spend the night, leaving for Woodland the following day.

**DRINK LIQUOR.**  
They drank during the afternoon and in the evening Howlett was much under the influence of liquor, and had

tallen asleep in a chair. Gamble, who claims that he had recovered somewhat from the effects of the liquor, suggested to Welch that they put the old man to bed, and while Gamble was arranging a pallet on the floor, Welch aroused Howlett and offered to assist him remove his apparel. Howlett declined.

A moment later, while his back was turned, Welch heard the report of a revolver, and turning saw young Gamble writhing on the floor. Howlett was standing near him with a smoking revolver grasped in his hand.

**STANDS GUARD.**

The old man then turned the weapon upon Welch, who quickly ran from the house. Watching his chance, Welch soon returned and succeeded in disarming Howlett, who was forcibly ejected. Welch stood guard the rest of the night with a shotgun, fearing Howlett's return.

The following morning Welch summoned assistance from a neighbor and later Gamble was brought to the hospital at Woodland.

On the way down, District Attorney Huston took his statement, which tended to corroborate that of Welch.

Under Sheriff Brown left for Capay Valley on Sunday afternoon, but up to this time has not captured Howlett.

## PHYSICIAN ENDS HIS LIFE

DR. R. F. PAULIN, LATE OF OAK-  
LAND FOUND DROWNED  
AT PORTLAND.

PORLTAND, Oregon, April 24.—As nine-year-old George Schmidlecke stood on a log extending into the Willamette River, near River View Cemetery, Saturday afternoon, he baited hook, cast line, soon felt the line go taut and tugging at it saw he was dragging to him the body of a man. With a shriek of terror the child dropped the rod and ran home. His father and neighbors removed from the river the decomposed body of Dr. R. F. Paulin of San Francisco, which had been in the water for eight or nine days.

Dr. Paulin had been pronounced dead to be the result of suicide. Investigation was made as soon as the body was discovered.

Dr. Paulin is said to have suffered from despondency and it is believed that in a fit of deep dejection he sought rest in the river. It is thought his act had been in contemplation for some time, as indicated by letters found in his pocket.

Dr. Paulin was at one time one of the foremost physicians of this city and also of San Francisco. He was a native of Switzerland and received his medical degree from the University of Vienna. Several years ago he had a fine practice in this city. Ten years ago he went to Oakland, where he was married to Miss Faustina Blinn. He kept an office in both this city and at the Palace Hotel, San Francisco. His family live at Highland Park, East Oakland, where his widow is now.

Dr. Paulin is said to have been drinking heavily for several days before disappearing.

Dr. R. F. Paulin, who was found drowned in the river at Portland Saturday, lived with three others at 1515 Nineteenth Avenue, where his widow now lives. He practiced medicine for five years in San Francisco, having offices in the Palace Hotel. Three years ago he gave up his practice in San Francisco and went to Portland, where he practiced until his death.

Mrs. Paulin, when seen at her home, refused to believe that her husband had committed suicide. She admitted, however, that in her last letter received from him he complained of being in poor health. Although the pair had separated three years ago, for what reason Mrs. Paulin refused to state, she said tonight that they corresponded regularly.

Dr. Paulin was forty-two years of age. Eight years ago he married Miss Rustine Blinn, daughter of the member of the lumber firm of Adams, Blinn & Company, after an elopement.

They had a son, John, who never forgave his mother for having left him.

Dr. Paulin was forty-two years of age. Eight years ago he married Miss Rustine Blinn, daughter of the member of the lumber firm of Adams, Blinn & Company, after an elopement.

# CONSOLIDATION OF WELL-KNOWN TONOPAH MINES

## THE TONOPAH HOME CONSOLIDATED MINES & EXPLORATION COMPANY

Offers for sale 100,000 shares of the Treasury stock at \$3.50 per share, par value \$10.00 non-assessable, pursuant to the order of the Board of Directors for the purpose of providing funds for enlarging its operations and for extensive development work. Fifty per cent cash must accompany the subscription, balance payable at the office of W. J. Arkell & Co., Bankers and Brokers, Merchants' Exchange Building, City of San Francisco, until 12 o'clock, May 8th. The Company reserves the right to withdraw this offer at any time. In case of an over subscription, the stock will be allotted in the order in which the subscriptions are received.

The Tonopah Home Consolidated Mines & Exploration Company will take over, work and develop mines in the State of Nevada. The Company, besides operating mines, will buy and sell mining claims, and, besides being a mining company, its charter entitles it to be an exploration company as well.

Three hundred and fifty thousand shares of the stock of this company have been placed in the Treasury for development purposes and the acquisition of other properties. One hundred thousand shares of this stock will be offered to the public at the price above-mentioned and the remainder in the Treasury of 250,000 shares will be used for purposes aforesaid.

The Officers and Directors of this Company are: T. L. Oddie, President of the Nye & Ormsby Co. Bank of Tonopah, Nev.; Joseph Leiter of Chicago, Ill., Vice-President; W. J. Arkell of Tonopah, Nev., formerly of New York, Second Vice-President; Geo. N. O'Brien, Cashier of the American National Bank of San Francisco, Cal., Secretary and Treasurer. These gentlemen, with the following, comprise the Board of Directors:

The Board of Directors consist of The Honorable Geo. S. Nixon, capitalist, Winnemucca, Nev.; the Honorable T. L. Oddie, President Nye & Ormsby Co. Bank, Tonopah, Nev.; H. B. Gee, Cashier State Bank & Trust Co., Tonopah, Nev.; S. A. Knapp, mining engineer, Tonopah, Nev.; B. L. Smith, Banker of Eureka, Elko and Bullfrog, Nev.; W. J. Douglass, President Tonopah Midway Co., Tonopah, Nev.; J. W. Skelton, of J. W. Skelton & Co., Bankers and Brokers, Tonopah, Nev.; W. O. Mansen, Mgr. American Smelting & Refining Co.; A. L. Hudgens, Locator of the Belmont Mine, San Francisco, Cal.; A. Busch, Capitalist of St. Louis, Mo.; the Honorable S. D. Woods, attorney, San Francisco, Cal.; W. S. Webb, Capitalist, Rutland, Vt.; G. N. O'Brien, Cashier American National Bank, San Francisco, Cal.; Joseph Leiter, Capitalist, Chicago, Ill.; W. J. Arkell, Banker & Broker, Tonopah, San Francisco and New York.

The registrar of this company is the American National Bank, San Francisco, Cal. Transfer Agents, W. J. Arkell & Co. (Incorporated), Bankers and Brokers, San Francisco, Cal.

Make all checks payable to Geo. N. O'Brien (Cashier of the American National Bank), Treasurer of the Company, San Francisco, Cal.

150,000 shares reserved to take over Tonopah Home, Maggie May, Victor Tonopah Mining Company owning the Dee, Happy Jack and Queen Lode mining claims. The largest properties in this consolidation will follow later; 100,000 shares to be sold for benefit of Treasury; 250,000 shares to remain in Treasury; **500,000 SHARES TOTAL CAPITALIZATION.**

**W. J. ARKELL & CO., (Incorporated) Bankers and Brokers,**

Merchants' Exchange Building, San Francisco, Cal. Members San Francisco and Tonopah Exchange.

## PROSPECTUS:

### TO THE PUBLIC—

The Tonopah Home Consolidated Mines & Exploration Co. is organized for the purpose of taking over and consolidating and developing several of the close-in and most promising of the properties in Tonopah, and adjoining and adjacent to the developed properties.

In this district, now only about 4 years old, over \$150,000,000 has been developed and is now being extracted. New discoveries are constantly being made and the area in which these large and very rich ledges are being discovered is constantly being widened and extended; important discoveries have recently been made, which render extremely valuable the area now controlled by this company, and as well as that in which it is proposed to operate under this consolidation. In addition it has been decided to add the feature of an exploration company to examine, prospect, develop and take over other properties in Tonopah, Goldfield, Bullfrog, Silver Peak and other districts, and the advantages of combining this feature are that:

In the selection and acquisition of mining property the company commands, first, its own engineering talent, and, second, may select from the work of a great army of prospectors. The latter are always presenting their discoveries to those whom they believe will undertake development. Out of such a condition, aside from the active work of those directly in the employ of the Company, the good from the bad can be segregated. The earliest and often the best discoveries in a district thus pass into the hands of our examining engineers. Later discoveries in older districts will likewise be brought into touch with us more easily and promptly than where there is an absence of a source known to the prospector through which he can negotiate a bond or sale.

Heretofore the large investor and the Exploration Companies have curiously enough devoted themselves to a search for "going concerns." "Going concerns" of merit are seldom for sale at a commensurate price. If they are acquired it is usually at a price so high that over-capitalization must follow with meagre and uninviting dividends. It is not unusual that the end of the dividend period has been reached long before there has been a return of the original capital and the interest on the money which it should logically earn.

Realizing that these facts have in the past too often operated disastrously to many worthy but misdirected concerns the Tonopah Home Cons. M. & E. Company will seek to acquire and take over properties in their early development. Whatever fruits may accrue out of such properties the company will enjoy in the fullest measure, not only in the production of ores, but in the enhanced values arising out of actual development. This latter is often the largest empirical asset which a "going concern" has to offer when it is for sale. Moreover in the early stages of development before any considerable amounts of money have been spent, the earmarks of promise or failure pretty generally manifest themselves. It is therefore possible to forestall a large outlay which in the end may become a total loss, and at a time when we have spent only such reasonable sums as the property or properties actually or reasonably warrant; not in the light of prospective or speculative value, but in the light of substantial and definite merit.

The remarkable discoveries made within the past two or three years in Western and Southwestern Nevada, embracing such districts as Tonopah, Goldfield, Bullfrog, Kawich, Lida, et al., call attention conspicuously to the opportunities for organized talent and capital prepared to operate in those districts. Notwithstanding the lack of capital many splendid fortunes have been made.

In nearly every instance those fortunes have been made at an astounding premium. Thus only have the very high grade ores been shipped at costs ranging from \$20.00 to \$40.00 per ton. Had ample capital been in hand at the beginning nearly the whole of the values could have been converted to the profit of the owners, instead of to transportation, reduction and other companies. Such a condition as this presupposes only exceptionally high-grade ores, while those of lower value either remain unworked altogether or are handled at a heavy disadvantage. A large proportion of mining dividends are derived not from bonanza ores, but from those of medium or even low value, and the paying and going concerns of today are ones in which ample capital is in hand to make a success wherein the lack of capital failure would follow. This is peculiarly true of all industrials and is conspicuously true of mining. With these facts in view, it is considered that the Tonopah Home Consolidated Mines & Exploration Co. is in an excellent position, and, operating as it is in such a wonderfully rich section, that early and large dividends can be made.

S. A. KNAPP, J. C. RALSTON, Tonopah Home Consolidated Mines & Exploration Co., Mining Engineers.

### TO THE OWNERS OF TONOPAH HOME STOCK—

The owners of Tonopah Home Mining Company's stock will receive one (par value \$10) share of the new issue of the Tonopah Home Consolidated Mines & Exploration Company for ten (10) (par value \$1.00) shares of their holdings (for single shares in lots less than 10 fractional shares will be issued) in the Tonopah Home Mining Company. Persons sending their stock to the American National Bank of San Francisco will receive a Directors' receipt until the new stock is issued.

The Directors of the Tonopah Home Consolidated Mines & Exploration Company will not take over the Tonopah Home Company's stock after May 8th unless specially agreed with the Executive Committee of the Board of Directors.

T. L. ODDIE, PRESIDENT

TONOPAH HOME CONSOLIDATED MINES & EXPLORATION CO.

### TO THE MEMBERS OF THE SAN FRANCISCO STOCK EXCHANGE BOARD AND THE SAN FRANCISCO AND TONOPAH EXCHANGE—

have arranged with the Tonopah Home Consolidated Mines & Exploration Company to substitute Home stock for the new issue on buyer's contract, where said transactions have been through either

W. J. ARKELL & CO., (Incorporated) San Francisco, Cal.

# SURVEYED ROUTES OF THE WESTERN PACIFIC.

One Line Runs Eastward From  
Oakland and Through Haywards  
—Second Not Chosen.

That the Western Pacific has purchased the block now occupied by the Zenith Planing Mill at East Twelfth street and Twenty-first avenue, East Oakland, now seems certain for the reason that the latter company has begun the work of moving its plant to East Fourteenth street and Twenty-fifth avenue.

The tract believed to be the property of the Western Pacific joins the land now occupied by the tracks of the Southern Pacific Company.

SAN FRANCISCO, April 24.—The official announcement that the Gould Interests are behind the Western Pacific seems to have inspired a wholesome confidence in the big trans-continental railroad project. According to telegraphic advices received yesterday by J. Dalzell Brown, the Western Pacific's bond issue has been oversubscribed \$25,000,000. About a year ago the Western Pacific voted a bond issue of \$50,000,000, and for some time past the bonds have been in the possession of the Bowing Green Trust Company, as trustee.

Following the completion of the company's financial arrangements with the New York bankers who are acting as the syndicate managers, the bonds were offered to a group of banks, brokerage houses and other subscribers, and information telegraphed to J. Dalzell Brown yesterday was to the effect that subscriptions aggregating \$75,000,000 had been received for the \$50,000,000 bond issue.

"Most of the bonds have been taken in New York," said Mr. Gould, "although there are local subscriptions of \$4,500,000. Among the local subscribers are E. H. Rollins & Sons and the Canadian Bank of Commerce. All of the other subscriptions were sent in privately, so I don't suppose I am at liberty to mention them. The manner in which the bonds have been subscribed is very gratifying, and shows that the Western Pacific project has inspired the confidence of the financiers of the country. The road has plenty of money and there remain no obstacles to prevent the immediate commencement of construction work. My information is that, owing to the heavy oversubscription of the bonds, the subscriptions will have to be cut down about 30 per cent."

It is announced that the Western Pacific surveys are entirely completed and the final route located and determined upon, with the exception of the short stretch of track that is to form the company's second and more direct line between Sacramento and Oakland.

"As announced yesterday," said J. Dalzell Brown, in discussing the route of the new road, "the route between Oroville and the State line runs by way of the Feather river and its branches and tributaries, and through Beckwith pass. From the State line to Salt Lake City the route will follow an almost straight line across Nevada, running around the southern end of Great Salt Lake into Salt Lake City, where it will use the terminals of the Rio Grande system. We will have by far the shorter line across Nevada, but just how much shorter it will be than the line of the Central Pacific I cannot say."

**TWO ROUTES NAMED.**

"Between Sacramento and Oakland there will be two routes. One line will run eastward out of Oakland, through Haywards and Livermore to Stockton, and thence northward to Sacramento. There will also be a second and more

## REV. C. R. BROWN IS HONORED

The Rev. Charles R. Brown of the First Congregational Church has announced his receipt of an invitation to deliver the Lyman Beecher course of lectures before the divinity school of Yale next February, and his acceptance of the invitation. He has chosen as the subject of those lectures, "The Social Message of the Modern Pulpit." The announcement was published in the GRINNE'S Associated Press paper on Saturday.

It is the custom of the trustees of the Yale divinity school to select a noted preacher to deliver this course, which is endowed and endowed, founded by a member of the congregation of Henry Ward Beecher and named after the father of the noted divine. Eight lectures are given annually, the course extending over a period of three months.

The Rev. Mr. Brown said of his acceptance of the call to Yale:

"It is true that I have been honored by being called to deliver the Lyman Beecher course of lectures at Yale next February and that I have accepted. The general subject of the course I have already selected, but beyond that have not given any consideration for the work I shall do at New Haven, as it is too early to do so. Naturally, I feel much flattered at being selected."

**SHERIDAN AT PORTLAND.**

ASTORIA, Oregon, April 24.—The United States Army transport Sherman from Manila via Nagasaki, having on board the 421 men and 35 officers of the Fourteenth Infantry, U. S. A., arrived here Sunday. The Sheridan proceeded to Portland, when the men will be taken to Vancouver Barracks, Washington, later in the day.

**BANQUET FOR BARNETT.**

Friends and admirers of Oakland's Sheriff Frank Barnett will do him honor on Friday evening next, April 28th, at a banquet.

# ANXIOUS TO END HIS LIFE

## Despondent Man Makes Three Attempts to Commit Suicide.

In a desperate attempt to end his life, Michael Earls of 242 Doré street, San Francisco, last night threw himself in front of a Southern Pacific train at the corner of Seventh and Webster streets.

The pilot threw him off the right of way, breaking three ribs, but preventing him being crushed to death.

He was hurried to the Receiving Hospital, where he was attended by Dr. Hamill.

While waiting for the operating table to be prepared Earls felt his way cautiously to his right pocket, and when Stewart Borchert, who was standing near watching the man, jumped to his side and grasped his hand, drawing it from his pocket, he found it held an open razor with which he undoubtedly intended to run himself through the body.

He struggled very hard to retain possession of the weapon, but it was finally wrested from his grasp.

Six shirts, each seemingly more filthy than the last, were found encasing his body when he was undressed for examination.

After his injuries were dressed Earls was taken to a private room and given a coat and clothing that could be used for suicidal purposes having been taken from him.

Stewart Borchert left the room and returned in about five minutes when Earls had placed it around his neck and over the head of the bed, hoping to die of strangulation.

He was rescued from this position and is now under a strict watch in order to keep him from doing any further harm to himself.

He is about 70 years of age and has been a pastry baker. He said when questioned as to his reasons for attempting his life:

"My children have forsaken me, and I am too old to work at my trade of pastry cooking. I own a lot on Doré street, San Francisco, and until Wednesday had a fine residence there, but some one set fire to the house. It burned to the ground. My son, who was formerly secretary and later president of the Dolphine Boating Club, and who is a tailor by profession, will not give me a cent, nor will he ever allow me to sleep in his house over night. What was there left for me to do but to die? I have nothing to live for. When a man reaches the age I have, and his children will not let him he is far better dead than living."

Joseph S. Earls, his son, is a clothing manufacturer at 255 Stevenson street, San Francisco. When he was informed of his father's attempt to suicide he was at his home, 205 Larkin street, with his sister, and they were expecting their father home at any moment.

"I cannot understand it," he said. "Fathers didn't us boys Saturday night, and was to have breakfasted with us this morning. He seemed to be in the best of spirits, and laughed and played with us, and when I asked him he had not seen for four years."

"As to my father's intimating that he was not supported in his old age, that he was not supported in his old age, he supported himself, and sold the place where he lived, 242 Doré street, only this past week. He has visited myself and wife at least four or five times, and we were very glad to have him welcome. He is 68 years old, and has failed greatly the past year. I cannot imagine why he tried to kill himself, except from that despondency due to extreme old age and weakness."

—

**ELECTRIC LINE**

PLANNED BY S. P.

STOCKTON, April 24.—C. A. Harp, a promoter, is authority for the statement that the Southern Pacific is planning to build an electric line from Sacramento to Walnut Grove, from which place a branch will be constructed to Antioch, passing northwest of Newhorne, in this county. From the nearest point on this branch a line will be built through Newhorne to Stockton, connecting with the Southern Pacific here. It is to be of the standard gauge and will serve the needs of the orchard districts along the east side of the Sacramento and also the vegetable output of the reclaimed land. It is said that the plan is a continuation of one made before the absorption of the Sacramento Southern Railroad, which owned rights of way from Sacramento to Antioch. The regular railroad scheme has been abandoned and new rights of way have been secured to make a short cut electric line to the city. The further statement is made that the Stockton electric railway will become a connection of the system, thus giving the interurban lines an entrance direct to the water front of this city.

**THE BEAUTY SHOP**

IS PLEASING

There are no dreary stretches that make the audience relapse into somnolence in "The Beauty Shop."

Kohl and Dill have surrounded themselves with a clever company, whose chorus and ensemble work is far above the average.

Edith Mason, Tom Persse, Bert Dillon, W. F. Cross, Hickman Bain, Marshall and Vidor are all well cast and give aid to the stars in the production of a good, funny farce.

There are several good ballet features,

the situations are ludicrous, and the effect of the whole is scintillating, and above all, "see "The Beauty Shop," at the Maedonough, starting next Wednesday night.

## LOST—

A Keen Appetite, a healthy complexion, or a good night's sleep. The stomach's "gone back" on you again; Just take Hostetter's Stomach Bitters and see how quickly you will recover these priceless possessions. Thousands have done so during the past 50 years. It strengthens the organs of digestion, purifies the blood, induces sound sleep and cures Indigestion, Dyspepsia, Costiveness, Female Complaints or Headache.

**HOSTETTER'S  
STOMACH BITTERS.**

"So let us keep the feast, as well as we feel."

## MAN'S EMOTIONS HIS THEME

BISHOP NICHOLS PREACHES AT

THE TRINITY EPISCOPAL  
CHURCH.

the fast. This is really an unexpected text. But St. Paul did many things unexpected.

He is like a beautiful woman, growing out of black mud.

He was preaching to the Corinthians who were a sorry, poor crew. But told them to come up out of their sin. In eating unleavened bread the people were deprived of something they were accustomed to every day of their lives.

The leaven was compared to the spirit of the world. It occupies all parts, and in eating bread that did not contain leaven the Corinthians were conscious of the teachings of Paul.

Easter time spreads about a universal spirit. It is not only found in the churches, but in the stores, the newspapers, every walk of life is in a spirit of happiness in the day. There are want to keep the feast. They are responsive to religion in seeking the sunshine of life. The trouble with some is that they have not found the secret of a glad life. Many hunt for it.

It is a real hunger that must be supplied, and the church of God must satisfy that hunger. Then, too, the church occasionally gets into a rut, but both man and church are strengthened.

It is to be hoped that the Stockton electric railway will become a connection of the system, thus giving the interurban lines an entrance direct to the water front of this city.

## EXCURSION VOTED BIG SUCCESS

REAL ESTATE MEN VISIT THE  
ORANGE GROVES OF  
SANTA CLARA.

way of Campbell over the short line, the party reached San Jose. Here cars were taken to Alum Rock, one of the most beautiful natural parks in the country, returning to San Jose in time to take the afternoon train home.

It was a jolly crowd, and the trip was thoroughly enjoyed, from beginning to end, and will long be remembered by all as a day well and profitably spent. F. W. Crandall and his excursion committee were unanimous in their efforts to entertain their guests and succeeded, and the entire party, one and all, expressed themselves as having had a most delightful day.

**DEATH CUTS SHORT  
PLEASURE TRIP**

While visiting the family of L. M. Adams, 1229 Franklin street, Christopher C. Hubbard, a wealthy cattle rancher of Dayton, Wash., died of pneumonia, his death occurring yesterday morning.

Mr. Hubbard came to Oakland on a pleasure trip, and had only been here about a week. He contracted a severe cold, which later developed into the disease which caused his death. His family were notified, and a son, W. J. Hubbard, will take charge of the remains, removing them to Dayton for burial.

Mr. Hubbard leaves four sons and two daughters: W. J., J. A. E. L. and Louis May Hubbard and Mrs. Dora Muselman.

Funeral services will be held tomorrow at the undertaking parlor of Henderson & Leitch at 2:30 o'clock.

**Torture of a Preacher.**

The story of the torture of Rev. O. D. Moore, pastor of the Baptist Church of Harperville, N. Y., will interest you. He says: "I suffered agonies because of a pain in my right side, originating from the trip. I had to sleep sitting up in bed. I had to sit up all night. The last time I was able to sleep, I was so bad, I had to sit up all night. The last time I was able to sleep, I was so bad, I had to sit up all night. The last time I was able to sleep, I was so bad, I had to sit up all night. The last time I was able

## The Alarming Tide of Immigration

Twelve thousand immigrants arrived at New York Friday—about twice as many as the authorities at Ellis Island can handle in a day. It is enough to make us pause and inquire what is to be the end of this tremendous influx of non-English speaking foreigners. The great stream of immigration which set in with the first of the year is steadily swelling. Already 350,000 immigrants have arrived, and every steamer from Europe brings fresh hordes. It is instructive to compare the immigration for the first two months of this year with the figures for previous years:

1901.	1902.	1903.	1904.	1905.
January .....	18,297	23,220	31,851	28,624
February .....	26,483	36,763	47,267	33,917

The highest figures for January and February immigration in previous years were reached in 1903, when 71,118 came over. January and February brought us 123,414 this year. The immigration figures for March are not at hand, but they can be placed at above 80,000. This month the immigrant arrivals promise to run above 100,000. No wonder a note of distress is beginning to be heard in the congested districts of the Atlantic seaboard. The migration to these shores of the Slavs and Latins threatens to overwhelm the Celtic and Teutonic stocks of the earlier European exodus to America.

Charles A. Towne, formerly the Silver Republican leader of Minnesota and now a Tammany Congressman from New York, says Roosevelt is not the sort of a Democrat Andrew Jackson was. It is quite true that Roosevelt can spell correctly and does not smoke a corncob pipe or drink rye whisky from an earthen jug, but isn't Mr. Towne rather new in the Democratic party to be setting himself up as an authority on its practices and tenets?

Let it be remembered to our credit that a member of the great Rothschild family spent several days in this town unmolested by either the hold-up men or the bell boys.—Los Angeles Times.

But did he escape the real estate agents and the hotel keepers?

A Butte paper says it may be necessary to try Terry McGovern for "mental sanity." Why not try him for physical insanity?

If we accept as true the statement of Dowie that the Lord forced him against his will to become a prophet we must conclude that for once the Lord made a grave mistake in choosing His emissaries in the regeneration of mankind.

A dispatch says the general agents of the Equitable Assurance Society were "insulted" by the reminder of Vice-President Hyde that as they are neither stockholders nor policy holders in the Equitable they are not called upon to assume the direction of its affairs. The agents had previously insulted Mr. Hyde by adopting resolutions calling upon him to resign as Vice-President and director of the Equitable. The resolution was a piece of unexampled impudence in view of the fact that Hyde is the largest individual stockholder in the company and actually controls a majority of the stock. Hyde was quite right in reminding the agents that they were presuming to dictate without warrant in the company's affairs. The chief parties in interest in the Equitable are the policy and share holders; the agents are mere servants of the corporation and their assumption of having a controlling voice in the management and selection of officers is extraordinary both as an exhibition of audacity and a total misconception of their relation to the society.

The financial methods of life insurance companies generally have been brought under the limelight by the row in the Equitable. How the vast reserves have been accumulated has become a matter of public discussion, as well as the returns received by policy holders. It appears that the costs of management are only a trifle less than the sums paid out in death losses. That is, nearly half of all the premiums paid in, including profits, on investments and interest on loans, is paid out in salaries, commissions, office rents, etc. According to the published insurance reports for 1903 the figures were as follows:

Death losses.	Expense of management.	Expense per \$1000 on the total ins. in force.	mean amount of ins. in force.
Equitable .....	\$18,359,764	\$14,543,339	\$10.80
New York Life ..	16,870,848	18,279,212	11.10
Mutual Life .....	19,349,488	16,152,412	11.60
	\$54,580,100	\$48,974,963	\$11.16

To be exact, \$1 is expended in management to every \$1.14 paid out in losses to policy holders. If life insurance is profitable for the insured, how much more profitable must it be to its promoters?

## The Milk in the Cocoanut

To meet THE TRIBUNE'S contention that the college farm should be located as near as possible to the Agricultural College, the Woodland Democrat prints a long article giving a number of States in which the agricultural colleges are located at a distance from the State universities. In most cases the agricultural colleges are separate and distinct from the University, hence the distances which separate them from the universities are not matters of consequence. In every case, however, the college farm is located immediately contiguous to the college. In California the Agricultural College is an integral part of the State University, and is located at Berkeley. If the Woodland paper's argument goes for anything at all, it is an argument for separating the College from the University, and that is precisely what we said was aimed at from the start by those who advocate locating the farm from 175 to 150 miles distant from the University. The removal of the Agricultural College and the laboratories connected therewith far from Berkeley would injure the University and deprive it of some of the facilities now used to the great advantage of students in all branches of study.

It would seem that Japan has shrewdly timed her protest against the Russian abuse of French neutrality as a precaution against more serious infractions of international comity. No conflict has yet taken place between Togo's and Rojestvensky's fleets, and it is important for Japan to know in advance what France will do in case the Russian fleet is bested at sea and forced to seek shelter or succumb. Telegraphic advices indicate that Japan has succeeded in committing France to a policy that will be to her advantage in the coming sea operations. Under pressure the Russian ships have been forced to quit Kamranh bay without completing their outfit, so the outcome of the negotiations may be regarded as favorable to Japan, whose protest was presented at a psychological moment when the Moroccan dispute and the cabinet crisis at home rendered it imperative that the French Government should not offend Great Britain.

Grace—Which one of those girls is it that you don't like?  
Gladys—Sssh! She'll hear you. When the crowd comes up I'll kiss her twice.—Louisville Courier-Journal.

With a million a year in tithes to invest just as he likes do you wonder that President Joseph F. Smith looks upon Brother Dowie as one of the minor prophets?—Minneapolis Journal.

## Oakland on the Boom.

Oakland has already begun to feel the impulse of the coming of the Western Pacific. The announcement that it is to be a part of the Gould system and is to be constructed at once has had a stimulating effect on real estate values, especially in the harbor front district. It is a part of the plan of the Western Pacific to build a commodious passenger station at the corner of Broadway and Third street. This, of course, will enhance the value of business property on the main thoroughfares below Fourteenth street, and far-sighted real estate owners have been quick to discern the fact. With the coming of the Western Pacific and the opening of the magnesite mines, which will follow the completion of the Mocho road, will make the harbor front a busy hive of industry. The outlook is doubly gratifying, for it indicates that Oakland is destined to be a great city in the near future. The situation is also another proof that the permanent prosperity of this city is not built up on the favor of any single corporation or group of individuals. Oakland's growth is based on the fact that it is ideally located for commerce and manufacturing.

## CHIPS FROM OTHER BLOCKS

Our parson preached on the text "Look not upon the wine when it is red," and he gazed at us through his entire sermon. We don't know why he looked at us, as we were as dry as a goat, and we don't like personal religion nohow.—Hardeman Free Press.

Lobster fishermen in Maine have formed a union to protect themselves against the lobster trust. The time will come when the lobster will be owned and operated by the government.—Minnetonka Record.

There is no real difficulty in finding John Paul Jones' resting place. Present indications are that the investigators will find only too many of them.—Chicago News.

All the signs from Oriental waters indicate that Davy Jones will soon find use for considerable of the spare room in his justly famous locker.—Los Angeles Times.

There's one complaint the best M. D.

Finds quite beyond his skill.

And that's the one his patients make

When he sends in his bill.

## POINTED PARAGRAPHS.

Ignorant people are born critics.

He who loves without reason is apt to reason without love.

Wise is the orator who knows when to cut a long story short.

Ships deteriorate with age—with the exception of hardships.

Few men are able to achieve greatness without advertising the fact.

Some women are unable to play on any instrument except the ear-drum.

Faint heart ne'er won fair lady—unless the fair lady happened to be a widow.

A boarding-house patron who doesn't complain is either satisfied or subdued.

A woman writes a letter because she either has something to say or nothing else to do.

When you hear a man praising his neighbors it's doughnuts to fudge he wants to sell his house.

Nothing gives a woman's religion such a jolt as the suggestion that she got the husband heaven really intended for her.

Now the summer girl will soon begin to freeze on to the reckless youth who has a mania for squandering his coin for ice cream.—Chicago News.

OAKLAND'S GARBAGE BOUQUETS. on the sidewalk in front of the house in which it is accumulated. A wagon is in service there which accommodates fifty-ton-gallon cans, each of the latter being provided with a tightly fitting cover, and before being returned it is washed and sterilized."

Los Angeles, as well as New York and other Eastern cities, might profit follow the lead of Oakland in this important question. The City Council has been for months wrestling with the problem of garbage collection and disposal, but thus far nothing substantial seems to have been accomplished except the sending of an investigator to Eastern cities. From the facts here touched upon it looks as if the investigation might better be directed toward the progressive city of Oakland.—Los Angeles Herald.

## CONCERNING WOMEN.

One of the largest women's club-houses in the world is being put up in San Francisco. It is to be a twelve-story building and will face Union square. Some \$1,500,000 will be spent in buying the site and putting up the building.

In order to obviate the frequent disputes with mothers as to the ages of children the steamboat authorities in Switzerland have decided that in every case where doubt arises the child must be measured. All children under two feet are to have free passage, and those between two feet and four feet are to pay half fare.

A Baltimore man tells a good story of a friend of his who recently became engaged to a charming young girl. The happy lover chanced to be in a fashionable shop when his eye caught a glimpse of a jeweled belt that seemed to him an exceptional gift to his fiancee. He asked a clerk to place an assortment of the belts on the counter. "Ladies' belts?" queried the polite salesman. "Certainly, sir; what size?" The prospective bridegroom blushed. "Really," he stammered, "I don't know." And he gazed about him helplessly for a moment or so. Finally a happy thought appeared to strike him. "Can't you let me have a yardstick to measure?"

## Hood's Sarsaparilla

## MILITARY MARVEL OF AGE?

NEW YORK, April 24.—Is Field Marshal Oyama the greatest hypnotist of the age, and has he a possible rival for future military fame in Miss Anna Furtwander, an uneducated young woman, who is employed as a maid?

That both propositions are possible is the opinion of Dr. John D. Quackenbos, professor emeritus of Columbia College, who has taken an interest in the girl and who regards her as one of the most marvelous hypnotic subjects of the world today.

The attention of the famous professor was first directed to his subject by her employer, Gustav A. Gayer, who is an amateur hypnotist, and who had cured the girl of a bad case of homesickness by hypnotic influence.

She came to the Gayer family only a short time ago from Germany, unable to speak a single word of English. A few days after her arrival she grew despondent, and insisted that she must return to her home. Mr. Gayer tried hypnotism, and so well did he succeed that he sent for Dr. Quackenbos.

"I went to the house," said the doctor yesterday, "and I am still marvelling at the result of my visit. The girl, to me, is a marvel. I tested her in every way, until I became convinced that she possessed powers that I cannot explain. Although she had never spoken a word of English, she described to me in that language things she had never seen, but which I knew to exist.

"For instance, she told me of a picture in a room in my house that I had never seen and of the existence of which I was unaware. When I returned to my house I found upon inquiry that the picture had been placed there by one of my assistants, who had forgotten to speak to me about it. There is no doubt about the genuineness of her case, and in that is its chief value.

"My researches lead me to the belief that she is possessed of exactly the same powers that were the chief characteristics of Napoleon and Joan of Arc. You can call it hypnotism, telepathy or what you please, but in the end it is the same. They were able to project their minds beyond their physical bodies and grasp things that were hidden to the ordinary mortal.

"Napoleon could name every one of his soldiers, a talent that cannot be accounted for by ordinary means.

"Is it not possible that Marshal Oyama has the same faculty? In a careful reading of the history of the Russo-Japanese war, one thing must strike you as remarkable. That is that after every battle word comes from St. Petersburg that General Kropotkin was just preparing to strike when he was attacked and overwhelmed. Now, why is this so? A superior intelligence department, the skeptical might say, but I am inclined to the theory that it is hypnotism or telepathy. By some means that we cannot fathom, and which he himself no doubt does not understand, he is able to tell what is passing in the mind of the opposing commander. Napoleon had the same instinct, as also did General Grant and Joan of Arc. They were great world leaders for that reason.

"Now, this girl in Harlem has the same remarkable powers. She has no conception of it and yet it is there. In time she might become a commander of men and women. As a revivalist she might convert a race or found a new creed. Savonarola, the famous Florentine preacher, I imagine, was a hypnotist. You cannot account for his power to sway multitudes in any other way. Like Anna Furtwander he was unconscious of it, but it was there, just the same. One result of our experiments was a surprise, and that was the fact that hypnotism is a cure for nostalgia."

GIVES HER BLOOD  
IN FUTILE ATTEMPT  
TO SAVE SISTER

NEW YORK, April 24.—Twice has Rose Martin given of her blood in futile attempts to save the life of her sister Della.

Brave Rose, who is nineteen years old, was willing that the physicians should try the third time to transfer her blood into her dying sister's veins.

But Rose became so weak that the doctors refused to attempt the operation again.

Della Martin was found unconscious in Mrs. C. C. Thompson's home in Newark, where she was employed. The young woman had accidentally inhaled illuminating gas. She was taken to the City Hospital where, instead of rallying under the usual treatment, she grew weaker and weaker. As a last resort the physicians determined to stimulate her and revivify her blood with that of a person in perfect health.

Rose, a splendid donor for the operation, joyfully presented herself for it. Briefly the instrument for the transfusion of blood consists of two little syringes connected by a glass tube and a small pump to propel the blood through the tube.

The loss of blood, her emotion, her anxiety for her sister, had visibly affected Rose. But when the physicians told her the attempt had failed she insisted that they repeat it. The instrument was prepared again and once more Rose's blood was drawn and pumped into the tube.

This time, in some way, air had entered the syringe and minute bubbles were seen in the blood as it traversed the glass tube. Their presence instantly vitiated the operation. For air, injected into Della's vein, would have been quickly fatal when it reached her heart.

After the second trial Rose was pale, faint but brave and loving as ever.

"Try again," she pleaded. "Anything, anything to keep Della with me."

The doctors feared Rose would go into collapse and abandoned the operation. Dr. Sutphin, who was in charge of it, congratulated Rose on her courage and praised her sisterly devotion.

No other perfectly healthy person was available who was willing to be a donor. Della was, in a critical condition last night, as for five days she was being kept alive with oxygen.

YOUNGEST MEMBER OF  
"YOUNG PEOPLE'S CLUB"  
IS AGED 80 YEARS

CRAWFORDSVILLE, Ind., April 24.—A "Young People's Club," with every member at least an octogenarian. This is the character of an organization unique in the United States and which only Montgomery county can boast. Its youngest member is 80 and its oldest 92, and all of its members have entered the organization to find solace in their old age by living in the good old days of the past.

A few weeks ago, at a family reunion, the idea of forming a "young men's and girls' club," limited to boys and girls over 80 years of age, was suggested by one of the older guests present. The suggestion was enthusiastically received, and, as a result, one of the strongest clubs of aged "children" in the country has been organized.

The club members have been limited to candidates living in Montgomery county, and so far nearly one hundred members have been placed upon the rolls. An effort will be made as soon as the club has been completed to have a grand reunion in this city, where a banquet will be held during the day and evening, at which a general good time will be had by the "boys and girls," who will relate stories of the early life when Crawfordsville was a struggling little "burg," and the wonders of today were unheard of.

When one looks over the charter of this club and notes the number of names and the ripe ages the members have attained, it does not look necessary for any one to leave old Montgomery county to seek health.

William Schoeler is president. Mr. Schoeler, who is 91 years of age, is the oldest member living in this township. He will represent the "boys," while Mrs. Mary McCall Raymond Cook, who boasts 92 summers, will look after the "girl" members.

F. A. Wilhite is another member of the club who has kept up a busy career all through life, and today, although 84 years of age, he can be found at his tailor shop, where he has held forth for 65 years. Mr. Wilhite is still an expert with the needle and personally attends the work.

## PERSONAL MENTION.

Miss Isabella Summers is visiting her brother in Fresno.

Miss Florence Bush went to Woodland on Saturday.

H. Mitchell went to Colusa Saturday. Dr. and Mrs. Frank L. Adams, who have been attending the meeting of the State Medical Society, at Riverside, have gone to San Bernardino for a short visit before returning home.

V. C. Henderson, of Oakland, is registered at the Natick Hotel, Los Angeles.

Rev. W. W. Madge was a recent visitor in San Luis Obispo.

Dr. and Mrs. Fisher Clark of Stockton are entertaining Mrs. Corson of this city.

Miss Marguerite Butters will go to Stockton this week to visit Miss Nicol of that city.

Mrs. H. E. Williamson of Berkeley is spending a few days in Stockton.

Mrs. H. W. Linstrand of Santa Cruz is visiting friends in this city.

Capt. B. W. Parsons spent Saturday in Napa.

Miss Lillian Elbert of Sacramento is to be the guest of Mrs. Percival Walker during the present week.

F. A. Wilhite is another member of the club who has kept up a busy career all through life, and today, although 84 years of age, he can be found at his tailor shop, where he has held forth for 65 years. Mr. Wilhite is still an expert with the needle and personally attends the work.

Mr. and Mrs. G. Innes, Mr. and Mrs. E. Davis, Mr. and Mrs. Gilbert Curtiss, Mr. and Mrs. R. C. Craft, Mr. and Mrs. James T. Hamilton of Pittsburg, Mr. and Mrs. W. A. Schrock, Dr. and Mrs. E. J. Boyes, Dr. and Mrs. Ernest Boyes, Mr. and Mrs. H. Hull, Miss Alice Britton, Miss Mabel Reed, Miss informal luncheon, and a pleasant hour

## OAKLAND TRIBUNE

## MAN'S PECULIAR REASON FOR DIVORCE

## HOUSEHOLD HINTS FOR WOMEN

## MAN WANTS DIVORCE

WIFE IS SAID TO BE ON  
VERGE OF CONSUMPTION

DETROIT, Mich., April 24.—Andrew Herman has brought divorce proceedings against his bride of two months, on the grounds that she has consumption, and that should he live with her he would be in danger of contracting the disease.

His wife protests that when she married Herman she did not know she was afflicted with tuberculosis, and even now is in no way certain of it. She holds that Herman is bound by his recent marriage vows to support her.

Herman met his present wife three months ago. She was Ella Oltersdorf and lived with her mother, who says that Herman married her daughter

because his father had instructed him to get a wife to keep house for them.

"My husband was sick just after our marriage," said the young bride. "I nursed him for two weeks. He knew when he married me that I was not strong, but when I came home a week ago and told him that the doctor informed me that I was on the verge of consumption he grew angry and left the house. He has only been home once since, and then he kicked in the doors while I was out taking his clothes from a line."

Herman is living at the home of his sister across the street from the house occupied by his wife. The sister sympathizes with him.

over the cards for the guests.

Among the players were Mrs. Williamson, Mrs. H. C. Capwell, Mrs. Henry Brattnaber, Mrs. Harry Thomas, Mrs. Charles Gilman, Mrs. Samuel Gilman, Mrs. Edward Engle, Mrs. Wickham Havens, Mrs. Harry Maxwell, Mrs. J. H. B. Richardson, Mrs. J. T. Randall, Mrs. H. C. Mygatt, Mrs. Harmon Bell and Mrs. Melvin Vinson.

Hebrew Impersonator," in a few short stories and comical songs.

This will be Mr. Bernard's only Oakland appearance before his new play, "The Financier," goes on at Ye Liberty, May 1.

## TEN INNINGS TRIBUNES WIN

Defeat Santa Rosa Team  
in Exciting  
Game.

At Santa Rosa yesterday the OAKLAND TRIBUNES defeated the team of that town by the score of 6 to 5. It took ten innings of fast ball-playing to decide who would take the game, the score being tied in the seventh, eighth and ninth innings. In the seventh, with Santa Rosa 4 to 1 in the lead, the TRIBUNES to a brace and connected with Williams for three hits, scoring as many runs. This tied the score in the seventh, Santa Rosa being shut out in its half. In the ninth Goodfellow walked, Anthony's hit to right advanced him to second, and to third on Jacobus' clean hit to left. He scored on Fleck's sacrifice. Santa Rosa was there also in the ninth and scored on a hit and error. In the tenth, by getting two hits and a sacrifice, the TRIBUNES scored again, making it 6 to 5. Santa Rosa failed to score in its half, and one of the fastest games ever played at Santa Rosa was finished.

While the team work of both nines was somewhat ragged in spots, there were lots of brilliant plays on both sides. Both pitchers were steady and allowed but one walk apiece. The score:

LONG WANTS  
TO FIGHT  
NELSON

Special to THE TRIBUNE.]  
MARTINSVILLE, April 24.—Louie Long had another large crowd of friends and spectators at his training quarters on at Sutter City yesterday, and the lightweight's fast work on the bag and with the gloves pleased them immensely.

There is not a question now about Long's grand condition for the contest with Jack Cordell on the 29th, for he showed wonderful strength and magnificent wind in his other exercises, a positive indication of condition.

Had Louie been in as good condition for his matches in the past as he shows now he would have won every one of his fights.

"It is to the hard training in the future, and no more of the easy path in mine," said Louie, today after he had finished his work in the gymnasium.

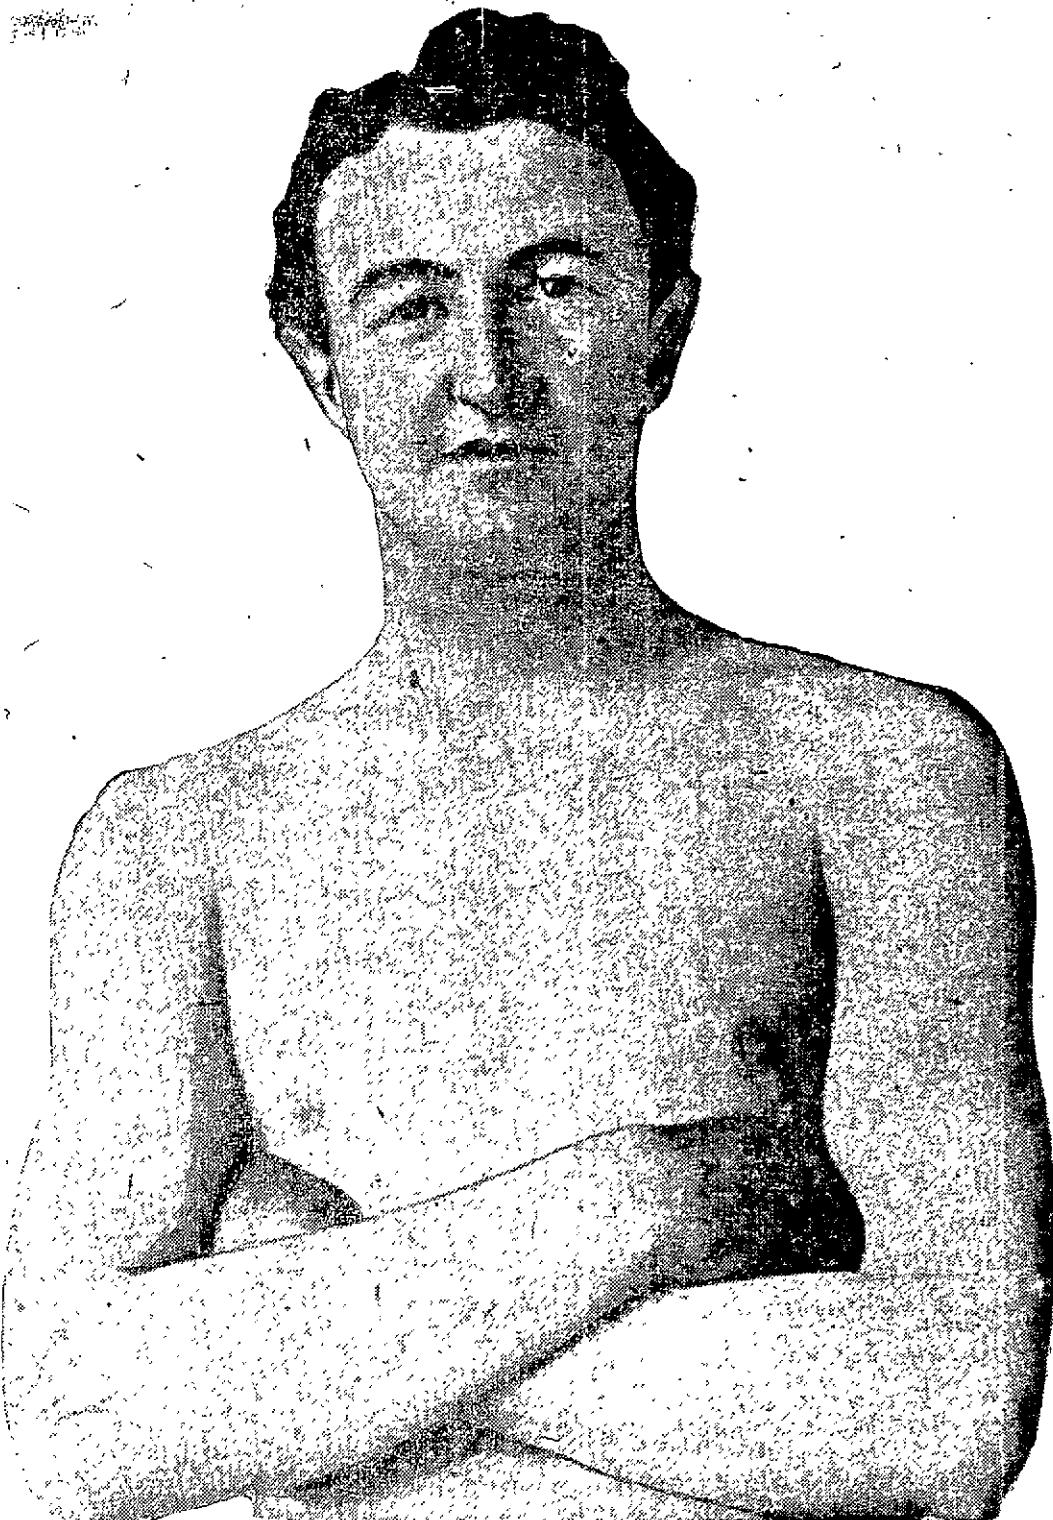

"I am to give in to the top of the punctilious ladder, and I am going to do it. I want this chance to beat Nelson, and, mark what I tell you, I am going to defeat Cordell."

There is keen interest in the fight and every one feels an interest in Long, and they are all glad to know that he is in good shape for the fight. A big crowd daily visits Louie's training quarters to watch him go through his training stunt.

Louie extends an invitation to every one to come out and see him work.

Do not despise of curing your sick headache when you can so easily obtain Carter's Little Liver Pills. They will effect a prompt and permanent cure. Their action is mild and natural.

## COMMUTERS TAKE TWO GAMES

Win Morning and After-  
noon Contests  
From Seals.

Your Uncle Hank Harris arrived at the Idora Park grounds yesterday morning with his hat on the back of his head, his features distorted with a smile and his heart proudly beating for his cage of Seals.

But alas! Also slack! As the affair on the diamond progressed your uncle's hat gradually slipped forward, his features assumed normal condition and his heart thumped less loudly.

When the score boy posted OAKLAND 4, SAN FRANCISCO 1, your uncle's head covering was over his eye and he was on the verge of nervous prostration.

And it was Joe Corbett whom he had placed on the mud hill to bring victory home to the Seals.

And it also came to pass that in the afternoon the Communists crossed the bay and attacked another hill labeled "Defeat" to the barking Seals.

Verily 'twas a bad day for Harris. Obtain further information from the following:

## KIDNEY TROUBLES

Increasing Among Women, But  
Sufferers Need Not Despair  
THE BEST ADVICE IS FREE

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.

Unless early and correct treatment is applied the patient seldom survives when once the disease is fastened upon her. Lydia E. Pinkham's Vegetable Compound is the most efficient treatment for kidney troubles of women, and is the only medicine especially prepared for this purpose.

When a woman is troubled with pain or weight in loins, backache, frequent, painful or scalding urination, swelling of limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys or notices a brick-dust sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life.

For proof, read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sawyer.

"I cannot express the terrible suffering I had to endure. A derangement of the female organs developed nervous prostration and a serious kidney trouble. The doctor attended me for a year, but I kept getting worse, until I was unable to do anything, and I made up my mind I could not live, finally decided to try Lydia E. Pinkham's Vegetable Compound, and report, and I am to-day a well woman. I cannot praise it too highly, and I tell every suffering woman about my case."

Mrs. Pinkham gives free advice to women; address in confidence, Lynn, Mass.

## BULL FIGHTS HELD IN SPAIN.

NEW YORK. April 24.—Bull fights were held Sunday in many towns all over Spain for the first time since the law prohibiting their being held on that day was promulgated, says a dispatch from Madrid.

Owing to the popular opposition to the measure and to the protests from toreros, municipal authorities and others interested, the Government suspended the law.

Several serious injuries are reported to have occurred in various rings.

## To Show Good Faith.

Owing to the recent general clamor made against medicines containing large quantities of alcohol, Doctor Pierce has decided to prove to the public that his "Favorite Prescription" for the diseases and weaknesses of women is not a patent medicine in the full acceptance of that term. Hereafter the ingredients of his "Favorite Prescription" will be printed on the wrapper of every bottle that leaves the laboratory.

## YOU CAN TRUST

A medicine that has been deservedly popular for over a third of a century—that has cured thousands of women of those diseases peculiar to the sex—and in which the manufacturer has sufficient confidence in the sterling merit of the medicine to give to the public a full knowledge of its ingredients.

## EVERY WOMAN.

Who takes this "Favorite Prescription" of Dr. Pierce, will know just what she is taking.

This medicine contains the non-alcoholic extracts of the following native plants:

BLACK COHOSH (*Cimicifuga Racemosa*).  
UNICORN ROOT (*Chamaelirium Luteum*).  
BLUE COHOSH (*Caulophyllum Thalictroides*).  
GOLDEN SEAL (*Hydrastis Canadensis*).

## NATURE'S OWN CURE

For those distressing complaints so common to women.

During an extended practice, in which Dr. Pierce made the diseases of women a specialty, he found that a rare combination of American medicinal plants would almost invariably cure all the debilitating wastes and drains, all the aches and pains incident to womanhood. Consequently he put up this favorite remedy in a form that could be easily procured at every drug store.

## DR. PIERCE'S FAVORITE PRESCRIPTION

Keeps women looking young by keeping disease away from those marvelously delicate organs which distinguish the female sex. It quiets the nerves, and stops those bearing-down sensations. It fits the wife for the task of child-bearing, making the period of gestation one of comfort, shortening labor and making it almost painless. It fortifies the whole system, so that recovery after confinement is quick, and there are no dangerous after-effects. The babe of the woman who takes "Favorite Prescription" is sure to be healthier than the babe of the mother who does not take it.

## ADDITIONAL SPORTS.

## INDEPENDENTS WIN THE CUP.

LONG END;  
2 TO 1.

The Independents made the Jones association football trophy their own yesterday by defeating the Hornets of Oakland in a game at the Prestige athletic grounds. Both teams were evenly matched. The absence of Bobby Taylor in left halfback position somewhat crippled the Hornets' forces. Percy Chamberlain, who was substituted, played a creditable game. The Oaklanders showed great skill in running the ball up the field. Eller and Murphy being particularly active. Many of the attacks that looked like sure goals were repelled by Antrobus, the goalkeeper of the Independents.

The first period found the contestants evenly matched. The Independents shot another ball between the posts in the second session, but the Hornets promptly equalized matters, passing the ball by easy stages across the field. The Independents forced another goal, making the final score 3 to 2. It is conceded that on the whole the Hornets seemed to be superior, but the Independents, through persistence, following up the ball, together with clever teamwork, won the game for the Independents.

The game was refereed by Arthur Robin. A referee was suspended. The Sacramento association football team from Sacramento saw the game from the grand stand, and some players also came from Santa Cruz. The lineup: Hornsby, Barrett, Lynch, R. B., Gilchrist, J. S., Souther, L. B., E. P., McNeely, C. H., Duncan, W. H., B., Disher, T. F., Fay, T. R., McNeely, Smith, J. O. L., MacIntyre.

The Occidental association football team from San Francisco, now the acknowledged champions of the State. The Occidental Club had not been competing in the tournament just brought to a close, but Captain Conroy thinks his men could give the champions a warm engagement.

## LOCAL GOLF PLAYERS WIN.

By a score of 14 up, the Claremont Golf and Country Club defeated the San Francisco Golf Club on the local links Saturday afternoon. In the first half of the second home and home match between the two clubs. The play today was over eighteen holes, and the second half will also be played over eighteen holes at San Francisco in the near future.

In the rounds today John Larson (San Francisco) defeated E. R. Folger (Claremont); Frank Hayes (C. C.) defeated C. G. Gocher (S. F.) 14 up; W. P. Johnson (C. C.) beat R. D. Adams (S. F.) 14 up; F. S. Stratton (C. C.) won from S. L. Abbott (S. F.) 14 up; Gunnar Brown (C. C.) and Colton (S. F.) 14 up; Dr. J. R. Clark (S. F.) defeated R. W. Fluzerard (C. C.) 2 up; C. E. DeGolia (C. C.) defeated Dr. T. J. McConkey (S. F.) 14 up; J. Haines (C. C.) beat E. E. Baker (C. C.) 14 up; R. L. Bentley (S. F.) 5 up; A. H. Higgins (C. C.) defeated F. H. Eevers (S. F.) 2 up.

The results were thus 10 for Claremont and 5 for San Francisco, making the victory for Claremont by 14 up.

## HORSEMAN IS BEATEN BY DEATH

SAN JOSE, April 28.—Charles A. Stockton, a well-known local horse trainer, dropped dead in his corral this morning, presumably from heart disease.

CHURCH NOTICE.

Rev. Franklin Riols, of the Fruitvale Presbyterian Church, will deliver three sermons this week on "Christian Finance."

The topics for each evening are as follows: Wednesday, "Is God First?" Thursday, "The Temple of Christ."

Friday, "The Temple of Eve."

The series is to be closed Sunday morning, April 30, with a sermon on "Business."

## NEWSNOTES FROM PLEASANTON

MR. AND MRS. PLATT SELL THEIR HOME-BALL TO BE GIVEN.

PLEASANTON, April 24.—Mr. and Mrs. Arthur Platt have sold their pretty home on Second street to Mr. Kruse. Mr. and Mrs. Platt will occupy their new home on the Livermore road during the early part of May.

WOODMEN'S OUTING

Sycamore Camp, Woodmen of the World, are perfecting their plans for their outing next Sunday at Rose Dell. It promises to be a most pleasant day.

It is to be a day of fun and games.

Tom Dolan played a big league game on first and was also there with the stick.

Joe Dolan, his brother, won the game for the Casserlys in the ninth inning by slamming out a timely single, bringing in the man who was on third.

Jack White played a swell game in left field, getting five hits.

"Pedro" Kid Lynch played short, stopping everything that came his way. This season he has not felt cheap alongside of him.

Friedman caught a game that would do credit to a big leaguer. That mighty right arm of his was in fine form and he certainly threw the bags.

Gibson played second and put up a creditable game.

Milson played right field in fine style. Herkenham played a star game on first for the O'Gars, while Murray carried off the batting honors.

Croter played third sack for the Casserlys like a second Devoe. The rooters were Jim Cruz, Jack Edward, Fuller, Harry Asher, Fred Hollings, Mal Croter and wife and others.

Jack Flannery umpired and his work was satisfactory to all.

The team lined up as follows:

Casserlys—Friedman, catcher; Oats, pitcher; T. Dolan, first; Gibson, second; Croter, third; Lynch, short-stop; White, left field; J. Dolan, center field; Milson, right field.

O'Gars—Murray, catcher; Pierotti, pitcher; Herkenham, first base; Smith, second base; Piplik, third base; Haskell, short-stop; Marshall, center field; Windham, right field.

The Casserlys would like to hear from any amateur team, the Eagles of Berkeley, preferred.

Address challenges to Charles Gibson, 920 Sixth avenue, East Oakland.

The Casserlys were formerly known as the Priest's Naps.

## COMPETITIVE RIFLE SHOOTING CONTEST

SAN FRANCISCO, April 24.—Governor George C. Pardee, through Adjutant-General J. B. Lawick, has called upon the various organizations of the California National Guard to prepare for a competitive rifle shooting contest in order to secure the services of experts to send to the Sea Girt, N. J., shooting contest in August next. The latter is to be held under the auspices of the United States authorities and valuable medals are to be awarded to the winners.

On the afternoon of that day, at the Greek Amphitheater, 1000 school children will participate in one of the most elaborate programs ever presented on this coast.

The concert is being talked of by everybody. There will be a large attendance from San Francisco and other cities about the bay.

The occasion promises to be a most inspiring one. The large stage of the open-air theater will be taxed to its capacity with the seating of the High School Glee Club, and the various choral groups.

On the afternoon of that day, the large open-air pavilion there is to be a dance in the large open-air pavilion. Athletic games and races with valuable prizes will be another feature of the day.

WHAT IS IT?

# A DAY'S NEWS FROM THE SUBURBS

## WILL BE NO FIGHT FOR SECURE RICKARD'S SEAT.

Trustee to Be Spared Necessity of a Contest—John Hinkel's Announcement.

BERKELEY, April 24.—The tempest in a teapot over alleged irregularities in the Second ward during the recent election apparently is to fizzle out and result in little but talk. According to John Hinkel, the Berkeley capitalist who was defeated by Thomas Rickard in the recent contest for the trusteeship of the Second ward, the new University student will reside in his ward and who cast ballots at the election on April 19 will be thoroughly investigated to determine if there was any illegal voting, and if so, the election will be annulled.

"I have not the slightest intention of contesting Mr. Rickard's seat," said Mr. Hinkel today. "I do not care for politics, though when I was nominated by the Non-partisan organization I made a straightforward contest for the place. No matter what may be the sum total of the evidence, I or my friends will do all we can to have the investigation instituted by the University authorities are said to have begun an investigation of the story that students voted illegally and received money for their votes, but I have no personal knowledge of such a fact. I made an investigation, but it has not been called upon by any University officer for proofs of the alleged wrong doing, and the other man can do what he wants with it."

Under the direction of the Lick Observatory, observations will be taken at the University's observatory in Egypt and Labrador.

These points being so distributed and the time elapsing between the instants of totality at Egypt and Labrador will make the point results of these investigations of much importance and significance.

## CHINESE GAMBLERS GET A SURPRISE.

Marshal Vollmer Descends Upon Them, Unexpectedly, Capturing Coin and Players.

BERKELEY, April 24.—Gamblers from Chinatown in San Francisco who have been operating in Berkeley were given a surprise last night when a crusade against their lottery games in the University town was begun by Marshal August Vollmer. As a result of the first raid of the new elected police officers, three Chinese caught in the act of playing fan tan were arrested and their money and paraphernalia confiscated.

The game, rated by Marshal Vollmer as being operated in grand style at Shatto's Palace, 1800 Clay street, has long been suspected by residents in the neighborhood and by others that gambling was going on in various Chinese resorts in the part of town and that a raid including the police office a week ago, Vollmer included to clear out the fan tan players and rid the town of their presence. He permitted no hint of his intentions, but when he came out with his men last night upon the unsuspecting gamblers, smashed in the doors and arrested Wong, the Wong Sang and Wong, of Englewood, the new officers gave his place of abode as 115 Waverly street, San Francisco. The Chinese were

"CO-EDS" STRICT RULING Women Students of University Seniors Must Pass "Exams." Hereafter.

BERKELEY, April 24.—The election of president and other officers of the Associated Women Students of the University of California for next year took place today from 8 till 1 o'clock in the Blue and Gold office.

At the Observatory last Friday afternoon a meeting was held to hear the report of the nominating committee. This committee presented the names of the following candidates: For president, Miss Phoebe Blumer, '06, and Miss Gladys Meyer, '06; for second vice-president, Miss Alice Jordan, '06; for second vice-president, Misses Sue Ross, '06, and Laura Williams, '06; for secretary, Misses Margaret O'Neill, Anna Laing, '06, and Alice Porterton, '06; for treasurer, Miss Cornelia Stratton, '06.

The committee which reported these nominations was composed of Misses Margaret O'Neill, Miss Alice Jordan, '06, Virginia Judy, '06; Miss Jones, '05; Molly Day, '05; Ruth Wilkins, '08; Ruth Salinger, '07, and Esto Dunbar, '05.

PHILOSOPHER TO READ PAPER

BERKELEY, April 24.—Professor C. E.

ECZEMA A FLESH FIRE

Those afflicted with Eczema know more than can be told of the suffering imposed by this "flesh fire." It usually begins with a slight redness of the skin, which gradually spreads, followed by blisters and pustules discharging a thin, sticky fluid that dries and scales off, leaving an inflamed surface, and at times the itching and burning are almost unbearable. While any part of the body is liable to be attacked, the hands, feet, back, arms, face and legs are the parts most often afflicted. The cause of Eczema is a too acid condition of the blood. The circulation becomes so bad that it is forced through the glands and pores of the skin which set the flesh afame. Since the cause of the disease is in the blood it is a waste of time to try to cure it with local applications, the cause must be removed before a cure can be effected. S. S. S. has no equal as a remedy for Eczema; it enters the blood and forces out the poison through the natural channels, and builds up the entire system. The skin becomes smooth and soft again, and the Eczema is cured. Cases that have persistently refused to be cured under the ordinary treatment yield to its purifying, cooling effect on the blood. Book on Skin Diseases and any advice wished, without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

SSS

BERKELEY, April 24.—T. H. Meany, chief of the department of soils of the United States Forest Engineering Association, will address the Club Engineering Association next Wednesday evening, April 26. His subject will be the reclamation service and the work it is at present carrying on

## SECURE SAVANT

Professor Arrhenius to Accompany University's Expedition to Spain.

BERKELEY, April 24.—The University has recently secured the services of two noted instructors. Professor Arrhenius of the department of physical chemistry in the University of Stockholm, who lectured at the summer school last year, is to accompany the Lick Observatory's eclipse expedition to Spain next August, and Calvin M. Kendall, superintendent of schools at Berkeley, is to be a member of the summer faculty.

The University authorities are said to have begun an investigation of the story that students voted illegally and received money for their votes, but the present administration admits knowledge of such an investigation. Mr. Hinkel has not been called upon by any University officer for proofs of the alleged wrong doing, and the other man can do what he wants with it.

Under the direction of the Lick Observatory, observations will be taken at the University's observatory in Egypt and Labrador.

These points being so distributed and the time elapsing between the instants of totality at Egypt and Labrador will make the point results of these investigations of much importance and significance.

CHARLES MERRILL, TOWN CLERK OF BERKELEY. (Photo Huddelson.)

FIVE CANDIDATES WILL BE INITIATED BY THE ODD FELLOWS.

FRUITVALE, April 24.—Five candidates will be initiated by the local lodge of Odd Fellows this evening at Blackman's Hall. There will be a delegation from the Evening Star Lodge of Twenty-third avenue present to assist in the exercises. Speeches will be made by the visiting Odd Fellows after the ceremony.

Though the lodge here was started only a few months ago it is gaining rapidly in numbers and influence. It expects to take several candidates to the great celebration here next Saturday night at San Leandro and have higher degrees conferred by the teams of the county.

The Evening Star Lodge held a meeting for practice at its hall on Twenty-third avenue Friday night. The drill team is to take part in the competition at San Leandro in the work of conferring the third degree. There is no doubt that it will make a good showing, as regular and persistent practice has been taken for several weeks.

DEATH CLAIMS VICTIM.

A homophagy of the lungs caused the death of Paul M. Mississippi last Friday. The old man, who was 61 years of age, died at his home on the old country road. He was a native of France, but had lived here for twelve years. He was liked by all who knew him and had a large circle of friends.

Two sons, P. and J. Maisseuneure, survive the deceased. His wife died two years ago.

Deceased had been ill for about ten weeks with pneumonia before he was attacked by the complication that caused his death.

EASTER SERVICE.

Pastor Burton F. Palmer and his choir gave the people of Fullerton a rare treat yesterday in the shape of two musical services of surpassing excellence. Following are the programs as rendered:

11 a. m.—Organ prelude; "Doxology;" choir and congregation; invocation; psalm reading; soprano solo, "Angels Rolled the Rock Away" (Hawley); Miss I. M. Smith: hymn, "The Lord Is Risen"; bass solo, "Easter Morn" (Wilkerson); organ solo; "Tenebrae." The Shalt Not Hold Him Longer" (Vogelzang); soprano solo, "Immortality" (Shaward); Mrs. Klippel Shaffer; Easter offering; hymn, "Lo, What a Glorious Sight; sermon, "Risen Indeed"; pastor; anthem, "Christ the Lord Is Risen" (Buck); choir.

7:45 p. m.—"Gloria Patri," choir and congregation; invocation; contralto solo, "The Lamb" (Shaward); soprano solo, "Hail the Day"; organ solo; "Easter Card" (Warren); choir; Easter offering; hymn, "At Earliest Dawn"; address, "An Easter Afterthought"; the pastor; soprano solo, "Easter Day" (Marzo); Mrs. W. H. Hackett; viola obligato by Mr. Seely; hymn, "Lo, He Comes"; benediction.

GOLDEN WEDDING.

Mr. and Mrs. P. H. Maloney will celebrate the fiftieth anniversary of their marriage day next Saturday afternoon and evening when they will be at home with their friends. The reception will take place at their home on the corner of Meridian street and Lynde street. A supper will be served.

NEWS IN BRIEF.

A lecture on "The Best Country in the World" was delivered last Friday evening by Rev. Robert Whittaker at the Melrose Baptist Chapel. There was a good attendance of the residents and no remarks were given deep attention.

Entomological slides of points of interest in America illustrated the talk. Several selections of instrumental music were rendered.

Work was commenced on the construction of the Redwood avenue sewer last week. It will be completed in one and a half.

H. Lillenthal is building a handsome \$2,000 residence on Redwood road in Alameda.

HE WILL TALK ABOUT SOILS

BERKELEY, April 24.—T. H. Meany, chief of the department of soils of the United States Forest Engineering Association, will address the Club Engineering Association next Wednesday evening, April 26. His subject will be the reclamation service and the work it is at present carrying on

FIGHT PESTS

ELMHURST WILL CELEBRATE

PLANS BEING MADE TO OBSERVE THE FOURTH OF JULY.

ELMHURST, April 24.—Plans are being made for celebrating the Fourth of July by the leading men of the town. Subscriptions are being solicited from the citizens to help defray the expenses of the celebration. There has been no celebration here for several years and the residents are heartily in favor of the project.

A meeting of the citizens interested will be held soon and definite arrangements begun for the different features. It is proposed to have a speech and the reading of the Declaration of Independence at the Red Men's Hall or in the open air, as well as a program by the school children.

Picnics have been held on the Fourth by the various lodges for several years, and it is expected that these organizations will give valuable assistance for the celebration.

PERSONALS.

William Beck has just returned from a two weeks' visit to Livermore.

W. C. Spiegel is convalescent after a severe attack of the grip.

Mr. and Mrs. Charles Hollenquest visited friends here last week.

C. L. Mernale and family have moved to Elmhurst from their former home in Oakland and settled on Highland avenue.

Alex Rose has recovered from an attack of typhoid fever.

CHRONICLE OF VARIOUS PAST AND FUTURE COLLEGE EVENTS.

BERKELEY, April 24.—Jackson Gregory, editor-in-chief of the Blue and Gold prepared by the Juniors at the University, announces that the volume will come from the printer's hands next Thursday. It is awaited with more than usual interest because of hints that its pages are replete with features of a rather spectacular nature.

Robert Dousouli is to deliver two of his lectures on "Girls and Young Women of France" during the coming week on Tuesday and Thursday afternoons at 4 o'clock in the students' observatory. The subject on Tuesday will be "The French Girl in the Contemporary Novel," and on Thursday "A Literary Salon in Paris." The last lecture of the series will be given on May 2, its subject being "The Marriage in the French Contemporary Novel."

The final senior assembly of the year is to be held next Thursday night at Hearn Hall.

The Y. W. C. A. of the University will banquet the women of the class of 1905 next Friday evening at Hearn Hall.

The Philosophical Union of the University is to hold an open meeting next Friday night in the Philosophy building on the campus.

INSTALL AND DINE.

Haywards Lodge No. 14, Order of Hermanos Sons, gave a supper last week in honor of their new officers, which were installed at the meeting.

They were as follows: Past president, W. E. Nordmann; president, R. Fischer.

Vice-president, Dr. C. D. Dickey; recording secretary, J. E. G. Alberts; treasurer, A. Haner; trustee, C. Wessmann; escort, A. May.

MINOR MENTION.

Nelson Borree of this place nearly was the victim of a bad accident Saturday. He was riding to Oakland on his motor cycle when he ran into a chuck hole.

Edmund and Leo Hearn were here to

help a large black building on the

newly built San Leandro.

Jack Franklin went up the San Leandro

on a second floor.

Frank Hooson from San Leandro

visiting relatives here.

## EASTER IS OBSERVED IN ALAMEDA.

Impressive Services and Beautiful Decorations in All the Churches of the Encinal City.

ALAMEDA, April 24.—Easter services of impressive character, with elaborate music and a profuse display of floral decorations, attracted many to the local churches yesterday. An impressive incident at the service last night of the First Presbyterian Church was the presence of the officers and members of Oakland Commandery, No. 11, Knights Templar. The Knights, in their uniform of red, Dr. Frank S. Brush, the pastor, had been formally accepted by the Commandery and, with the Eminent Commander Sir W. C. MacDowell; organist, Edward W. C. MacDowell; Generalissimo Sir Edward H. Taylor and others of the officers, the Sir Knights attended in a body to the number of almost 100, coming over in full uniform with the sword.

The greater part of the entire center of the church auditorium had been reserved for the Knights, and the pastor in his sermon touched upon the history of the Knights of the time of chivalry and the Crusades.

In this snug century, these piping times of peace, Dr. Brush declared, there was no knightly courtesy, ready at all times to succor the weak and unfortunate, to defend the honor of womanhood and stand valiantly for the Christian religion.

The Crusader Knights of old had struggled with the Saracens for possession of the temporal Jerusalem. The Knights of today, the Knights of the Order of the Good Fight for honor and righteousness, this time for the New Jerusalem, "the temple not made with hands, eternal in the heavens."

At the First Methodist Church the sacrament of the Lord's Supper was observed. At the First Methodist Church in the morning Rev. F. C. McLean, the pastor, gave a special message on "The World Movements of Today" and a special musical program was rendered by the choir.

At the English Church Holy Communion was administered at 7:30 a. m. at the service at 11:45 o'clock F. Currier Smith rendered a solo, "Hosanna." At 7 p. m. the children's Easter festival was held, with the organ and piano being sung by the children of the Sunday School.

Easter Sunday was ushered in at the new First Congregational Church with a service at 10 a. m. followed by the Lenten cantata by Rhodes and Schnecker, "Sing, My Tongue, the Saviour's Glory." At this service baptism was administered to a dozen and new members were admitted to

before City Justice Robert Bell Tappan tomorrow morning.

SYSTEM AT POINT RICHMOND  
NEARLY COMPLETE AND  
AWAITING FOR POWER.PROTESTANT CHURCHES IN  
WEST OAKLAND ADD LARGE-  
LY TO THEIR NUMBERS.

POINT RICHMOND, April 24.—The manse house, the central power house, the car barn and the office building of the City and Suburban Street Railway systems are nearly ready for the light and power plant which will be moved up from the Point.

The extension of the Ohio street line to San Pablo avenue, via Stege, places the property between Macdonald avenue and Ohio street, between two street railways, in active demand. A building boom is expected along the electric car lines. The city has two more terminals at the Southern Pacific depot—the terminus of the local street railway system and the terminus of the Richmond-Oakland electric road.

## BRIEFLISTS.

It is expected that the opening of the Richmond-Oakland electric railway service will take place May 1. The new cars are expected daily.

Mrs. Elsie Smallwood has let the contractor for her two-story business house on Macdonald avenue to T. B. Oakes. The building is to be completed in sixty days.

The Richmond cornet band surrendered its leader, Frank Willard, Thursday evening, on account of a slight indisposition. It was a surprise, but Mr. Willard rose to the occasion and served refreshments. The boys had a splendid time and departed at a late hour for their several homes in the Richmond district.

Captain A. M. Erickson is grading for the electric line on Ohio street and the spur track from the San Pablo avenue electric road to Stege. This electric way crosses the Southern Pacific tracks at Stege, giving electric railway connection to Oakland.

Miss Carpenter and Miss Riddell are taking the school census in the Richmond school district.

The County of Alameda will have one of its social dances tonight at Maple Hall. No admission will be charged and Schwartz's orchestra will cordially invite.

Nicolo Perseco has purchased six lots in block 67, east of Tenth street, and will build two more or cottages.

Alfred E. Fenwick and wife will make their household goods to San Francisco this week, when they will reside, temporarily, at least. Their fine home on Seine will be rented.

Dooling Bros. have done some substantial work on Kishland avenue, opposite Our Lady of Mercy and Methodist churches.

## PERSONALS.

Mrs. D. W. Cattoe had hardly got on the train on her return from San Jose when she discovered that an old friend in Oakland was very sick and wanted to see her, so she took the evening train to that place.

A. F. Adkinson, of the Western Union Telegraph Company at Salt Lake City, is visiting Jones &amp; Adkinson, the Macdonald avenue merchants. Mr. Adkinson still believes the time is not far distant when Macdonald avenue will have

Miss Anna O'Connor of San Francisco is here visiting at the home of her uncle, J. J. Fitzgerald, the San Francisco jeweler. She is very favorably impressed with the town and expects to invest in some real estate before her departure.

A son was born to Dr. and Mrs. C. C. Koenig on Harrison street last week.

A. Macdonald, manager of the Richmond Land Company, was in town Sunday.

## BULDING'S.

NEW YORK, April 24.—New York's building season has begun in earnest, today when 150,000 workers in the seven districts begin operations under the arbitration agreement signed Saturday by employers and representatives of skilled men and under which it is provided there shall be neither strikes nor lockouts.

Builders, architects and prospective owners of buildings have work on hand which will last for years to come, strikes and other disturbances during the past few years having delayed or delayed a long time to catch up. Leaders on both sides express much gratification over the settlement.

## WAGES ADVANCED.

PUEBLO, Colo., April 24.—An announcement is made that beginning May 1st the five thousand employees of the Colorado Fuel and Iron Company plant in this city will receive an advance in wages varying from seven to twenty per cent. The office employees and superintendent will receive from ten to twenty per cent advance while the men in the mechanical department will receive an average of seven per cent.

ED TO DRIVING.Man and Wife Locked in  
Own Home; Diamonds  
Taken.

CHICAGO, April 24.—On the pretext of serving a search warrant three men gained entrance to the apartments of Mrs. D. Gilmore on Twentieth street and at the point of revolvers robbed Mrs. Gilmore and Edward Cireaux of \$2,500 worth of diamonds. The victims were then bound and thrust into a closet and the door locked on them.

After the robbers had departed Mrs. Gilmore tugged at her bonds and released her hands. She and Groux were half strangled in their narrow quarters. Groux, to get a breath of fresh air, kicked out one of the windows in the door and attempted to get out through this but the opening was too narrow. Another panel was then broken and Mrs. Gilmore crawled through. She secured a duplicate key and released Groux. About \$5,000 worth of jewelry sought by the robbers was overlooked.

STATE BOARD  
OF VITICULTURE

SAN FRANCISCO, April 24.—At the offices of the California State Board of Trade yesterday a California State Board of Viticulture was organized by the wine men of the State. This body will be auxiliary to the State Board of Trade, and will use the Board of Trade rooms at will.

Recently a meeting was held at which the wine men appeared to be in a delegation before the State Board of Trade and represented that they needed a body to enable them to take concerted action, whenever it was necessary, for the benefit of the wine industry. The State Board of Trade encouraged the proposition made to organize a body to affiliate with the Board and appointed John P. Irish a committee to take the first steps to bring about what was desired.

Yesterday the new Board of Viticulture was formed with the following initial members:

John P. Irish, chairman; Percy T. Morton, San Francisco; John Sweet, Costa, Costa county district; C. J. Welmire, Livermore district; E. H. Bixford, San Mateo and Santa Clara county district; Theodore A. Bell, Napa and Sacramento district; Luther Burbank, Sonoma district; William Cronie Spencer, Placer county and Foothill district; J. B. Lankersheim, Los Angeles district; M. F. Carpenter, San Francisco district; C. W. Woods, Stockton district; F. T. Sweet, corresponding secretary; R. M. Wood, recording secretary; J. Wetmore, chairman of the executive committee; Percy T. Morgan, chairman of committee on legislation and internal revenue; John Sweet, chairman of committee on pure food questions.

The most striking and commendable feature of the week was the holding of an interdenominational service.

The pastor who has been assisting in this effort by Rev. Philo F. Phelps, who superintended the interdenominational service, and the chairman of the executive committee, Percy T. Morgan, chairman of committee on legislation and internal revenue; John Sweet, chairman of committee on pure food questions.

ALBERT CURRIN  
IS A CANDIDATE

SAN FRANCISCO, April 24.—An important meeting of the German-American League of California will be held in Germany Hall tonight, 421 Post street. A spirited contest is expected between Albert Currin, owner of the Oakland Journal and ex-speaker of the Pacific Turn-Bazirk, who is a candidate for the presidency, and Hugo K. Schilling, the incumbent, who desires to succeed himself. The nominating committee will put the entire board in the field for re-election, as follows: Hugo K. Schilling, president; F. C. Muller, first vice-president; A. Entzmann, second vice-president; Carl W. Mueller, secretary; H. Kessel, financial secretary; John Hermann, treasurer; Charles W. Arp, J. Krumholtz and W. Wertsch, finance committee.

The league is now organized has branches at Stockton, Sacramento, San Jose and Los Angeles, with over one hundred societies, lodges and clubs on its membership roll.

OAKLAND BUTCHER  
PROSECUTES CASE

SAN FRANCISCO, April 24.—After remarking that he believed the defendant, B. F. Selvage, had committed perjury, United States Commissioner Heacock has held him for trial on the charge of having falsely represented himself to be a United States secret service agent to J. Erhart, an Oakland butcher, who was fixed at \$500. Erhart testified he never had any secret service agent in his employ, neither did he ever have any secret service agent and borrowed \$5 from Erhart on that representation.

The church was greatly blessed during the recent revival and its own evangelistic efforts in its own behalf were not less successful.

The church received a total of fifty-seven members, forty being on examination.

The total amount amounted to \$154, of which \$145 was for furnish

The balance of \$700 was spent for home missions and other benevolent objects in this country.

The congregation raised for all purposes \$250.
